Art As Plunder Art As Plunder:

Art as Plunder Margaret M. Miles, 2008-01-28 This book examines the ancient origins of debate about art as cultural property. What happens to art in time of war? Who should own art and what is its appropriate context? Should the victorious ever allow the defeated to keep their art? These questions were posed by Cicero during his prosecution of a Roman governor of Sicily Gaius Verres for extortion. Cicero's published speeches had a very long afterlife, affecting debates about collecting art in the 18th century and reactions to the looting of art by Napoleon. The focus of the book's analysis is theft of art in Greek Sicily Verres' trial, Roman collectors of art, and the later impact of Cicero's arguments. The book concludes with the British decision after Waterloo to repatriate Napoleon's stolen art to Italy and an epilogue on the current threats to art looted from archaeological contexts. Margaret M. Miles is an archaeologist and art historian, now Professor of Art History and Classics at the University of California Irvine. She has held fellowships at the American School of Classical Studies in Athens, the Institute for Advanced Study in Princeton, and the American Academy in Rome. She has excavated at Corinth and Athens and did architectural fieldwork at Rhamnous in Greece and at Selinunte and Agrigento in Sicily. Her earlier publications include a study of the Temple of Nemesis at Rhamnous, *Hesperia* 1989, and a volume in the Agora excavation series on the City Eleusinion, the downtown Athenian branch of the Eleusinian Mysteries, *The Athenian Agora Vol. 31: The City Eleusinion* 1998.

Art as Plunder Margaret Melanie Miles, 2008 *Prohibiting Plunder* Wayne Sandholtz, 2007-12-31 For much of history the rules of war decreed that to the victor go the spoils. The winners in warfare routinely seized for themselves the artistic and cultural treasures of the defeated. Plunder constituted a marker of triumph. By the twentieth century international norms declared the opposite: that cultural monuments should be shielded from destruction or seizure. *Prohibiting Plunder* traces and explains the emergence of international rules against wartime looting of cultural treasures and explores how anti-plunder norms have developed over the past 200 years. The book covers highly topical events including the looting of thousands of antiquities from the Iraqi National Museum in Baghdad and the return of Holocaust Art by prominent museums, including the highly publicized return of five Klimt paintings from the Austrian Gallery to a Holocaust survivor. The historical narrative includes first hand reports, official documents and archival records. Equally important, the book uncovers the debates and negotiations that produced increasingly clear and well defined anti-plunder norms. The historical accounts in *Prohibiting Plunder* serve as confirming examples of an important dynamic of international norm change: Rules evolve in cycles; in each cycle specific actions trigger arguments about the meaning and application of rules, and those arguments in turn modify the rules. International norms evolve through a succession of such cycles, each one drawing on previous developments and each one reshaping the normative context for subsequent actions and disputes. *Prohibiting Plunder* shows how historical episodes interlinked to produce modern treaty-based rules against wartime plunder of cultural treasures. *Art Plunder* Wilhelm Treue, 1960 *Ethics and the Visual Arts* Elaine A. canvases crossed the Mediterranean rolled on a cylinder soon after artworks commandeered from Venice and Rome were triumphantly brought into Paris. In 1801 the Veronese went on exhibition at the Louvre the new public art museum founded during the Revolution in the former palace of the French kings. As Saltzman tells the larger story of Napoleon's looting of Italian art and its role in the creation of the Louvre she reveals the contradictions of his character his thirst for greatness to carry forward the finest aspects of civilization and his ruthlessness in getting whatever he sought. After Napoleon's 1815 defeat at Waterloo the Duke of Wellington and the Allies forced the French to return many of the Louvre's plundered paintings and sculptures. Nevertheless The Wedding Feast at Cana remains in Paris to this day hanging directly across from the Mona Lisa. Expertly researched and deftly told Plunder chronicles one of the most spectacular art appropriation campaigns in history one that sheds light on a seminal historical figure and the complex origins of one of the great museums of the world.
