Graeme Smith,2020-10 Know someone who would like to be a successful artist Greater Efficiency helps them get organized essential for a successful artist Use it in conjunction with their present approaches Also in conjunction with strategies in other programs Success seems mythical which is why it's like the Holy Grail The Crusaders of old travelled the world seeking it For professional artists the Holy Grail is to create more sales and build income So how will they recognize success That's for them to decide but they should consider these comments Strong self discipline and intelligent self management are in my view the fundamental building blocks for all success p77 There will be disappointments along the way that's how we learn Each disappointment is a test of their commitment They also add to their experience and strength In the end their commitment is the key to their success Don Talbot Australian swimming coach in Nothing but the best If they are to be successful then they need to be well organized Elite athletes reap rewards by investing in themselves So should artists BUT if they put it off it will never happen But there can be no half measures If they want to be a successful artist then they must do the job properly Either do it or forget it They can gain knowledge Until they acquire experience acting on that knowledge they won't move on They will stay at their present state This is won't happen straight away It won't even happen at all Unless they know why they need a professional approach to their career The way of the leisure artist will not get them there In a manner not previously possible they can set up their future earnings It will take time and a little money in the beginning But if they wait until Christmas next year whenever the right time to start is All that happens is the whole process is delayed There needs to be much work done But with little actual expense initially a start can be made if time is there They will build or maybe re build the foundations of their artistic journey Possibly other things might need to be foregone delayed or accelerated To facilitate a speedy transition to this new phase of their artistic career If they want to be a professional artist then painting well is not sufficient Many artists do that They also need to be successful as a business That's quite different Visualize success Success is getting to another level Imagine what that will actually feel like when they experience it Then they'll be more determined to make it a reality If they can think it they can achieve it Praise people around them By helping others build their self confidence they might in turn boost theirs Just as importantly they'll appreciate ways confidence can be built Develop a sense of self belief Make decisions based on the belief that they can do what they set out to do Don't give

failure a chance Become more competent Set goals to improve their ability skills and knowledge Do this regularly and consistently Even champion sports people practice regularly Usually this is more than those who are not champions Believe in themselves This is the first step on the path to success So they must at least have done this to some degree Now build from that beginning and make a series of small additional steps Reflect back from time to time to appreciate progress that they have made Grow through experience They will grow every time they rise to a challenge and learn something Sometimes this is what not to do at other times it will be worth repeating Savor successes At first they might be small but that's how everyone starts Keep track of them for that helps they realize later successes are better *How To Become An Artist, How To Be Highly Successful As An Artist, And How To Earn Revenue As An Artist* Dr. Harrison Sachs, 2021-01-05 This essay sheds light on how to become an artist explicates how to be highly successful as an artist and elucidates how to earn revenue as an artist While becoming an artist may seem be an eminently cumbersome expensive time consuming and daunting undertaking it is viably possible to become an artist Much to the relief of prospective artists it is possible to become an artist in a time span of less than half of a decade and the journey to become an artist is not as lengthy as the journey to pursue certain other occupations such as the occupations of a medical doctor or attorney The pathway that a prospective artist can follow to become an artist is fraught with challenges that are not a cinch to surmount It can be arduous to fulfill the duties of an artist Artistic skills are highly desirable skills to possess As of January of 2021 only an infinitesimal fraction of one percent of the global population work as artists in the U.S. for instance less than 2 670 100 work as artists even though the U.S. population is comprised of over 328 000 000 people as of January of 2021 As of January of 2021 less than 814% of people in the U.S. work as artists This means that out of 123 random people in the U.S. about only one person at most would be employed as an artist as of January of 2021 As of January of 2021 it was estimated that there were more medical doctors and attorneys as an aggregate in the U.S. than artists in the U.S. even though it takes far more years to fulfill the ample mandatory requirements to become a medical doctor or attorney than it takes to fulfill the mandatory requirements to become an artist As of January of 2021 there are no mandatory requirements that need to be fulfilled for a person to become an artist As of January of 2021 the economy is unequivocally in dire need of more artists especially since they are able to help companies to produce artwork Artists can harness their artistry to produce high quality aesthetically appealing artwork Artists can help companies to expand their product offerings especially if companies opt to mass produce their artwork in their production runs Producing desirable artwork can help companies to amplify their sales volume revenue and profits As of January of 2021 customers are willing to pay exorbitant premium prices for desirable artwork that is able to assuage their preferences for artwork People are eminently fond of taking a gander at aesthetically appealing artwork Taking a gander at aesthetically appealing artwork can help people to divert their attention away from honing on real world stressors Freelance artists are not limited to furnishing their service offerings to an infinitesimal clientele Artists can be self employed and work on a
