Becoming female Claire B. Kopp,1983 *Becoming Female* Clarie Kopp,2013-11-11 Every woman ought to be filled with shame at the thought that she is woman Clement of Alexandria c 150 215 The five worst infirmities that afflict the female are indocility discontent slan der jealousy and silliness Such is the stupidity of woman s character that it is incumbent upon her in every particular to distrust herself and to obey her husband Confucian Marriage Manual Nature intended women to be our slaves They are our property we are not theirs They belong to us just as a tree that bears fruit belongs to a gardener What a mad idea to demand equality for women Women are nothing but machines for producing children Napoleon Bonaparte The fact of the matter is that the prime responsibility of a woman probably is to be on earth long enough to find the best mate possible for herself and con ceive children who will improve the species Norman Mailer Read these quotes and wonder Wonder at the strength tenacity and grace of females who have endured outrageous slings and arrows without becoming violent uncaring or incapacitated Sturdy stuff is contained in our double X preserved and nurtured for other less dis torted times The Women in Context series is a reflection of the dawn ing light slowly illuminating woman as unique in some ways but nei ther less than nor more than man Surely our imperfect world can well use all the talents and capabilities that men and women possess *Becoming Female* Clarie Kopp,2014-09-01

**Gender Blending** Aaron H. Devor,1989-10-22 A major contribution to the understanding of gender Anne Bolin Its readable style achieves a unique balance of the personal with scientific rigor Contemporary Sociology Holly Devor s Gender Blending is a pathfinding study that creates a new frontier in sex and gender research Journal of the History of Sexuality a fascinating study Choice Fifteen women who have to varying degrees rejected traditional femininity but not their femaleness discuss their lives with Devor These women sometimes mistaken for men choose to minimize their female vulnerability in a patriarchal world by minimizing their femininity *Becoming female* ,1979

*Development During the Transition to Adolescence* Megan R. Gunnar,W. Andrew Collins,2013-05-13 Research on the processes of change during the transition from middle childhood to adolescence has been a relatively neglected area of scholarship until recently This volume features prominent researchers who provide integrative accounts of their research programs focusing on processes of physical social and cognitive change during this important transition period in development Also included in this volume is an overview discussion and critical analysis of core conceptual issues in the study of adolescent transition

**Toward a Feminist Developmental Psychology** Patricia H. Miller,Ellin Kofsky Scholnick,2014-06-03 This collection of original essays integrates the exciting recent scholarship on feminist theories and methods into developmental psychology It also acquaints women s studies scholars with issues in developmental psychology that raise interesting questions for feminist theories Its focus goes beyond that of traditional scholarship that tends to focus only on sex differences and sex roles instead it considers alternative views of what is worth studying how one should study it etc The chapters provide new feminist perspectives on topics of great current interest to

developmental psychologists     [Handbook of Parenting](#) Marc H. Bornstein,2005-02-16 Despite the fact that most people become parents and everyone who has ever lived has had parents parenting remains a mystifying subject about which almost everyone has opinions but about which few people agree Striking permutations on the theme of parenting are emerging single parenthood blended families lesbian and gay parents and teen versus fifties first time moms and dads Divided into four volumes the Handbook of Parenting is concerned with different types of parents basic characteristics of parenting forces that shape parenting problems faced by parents and the practical sides of parenting Contributors have worked in different ways toward understanding all of these diverse aspects of parenting and look to the most recent research and thinking in the field to shed light on many topics every parent has wondered about Because development is too subtle dynamic and intricate to admit that parental caregiving alone determines the course and outcome of ontogeny volume 1 concerns how children influence parenting Volume 2 relates parenting to its biological roots and sets parenting in its ecological framework Volume 3 distinguishes among the cast of characters responsible for parenting and is revealing of the psychological make ups and social interests of those individuals Volume 4 describes problems of parenting as well as the promotion of positive parenting practices Written to be read and absorbed in a single sitting each chapter addresses a different but central topic in parenting and is rooted in current thinking and theory as well as classic and modern research on that topic All chapters follow a standard organization including an introduction to the chapter as a whole followed by historical considerations of the topic a discussion of central issues and theory a review of classic and modern research forecasts of future directions for theory and research and a conclusion In addition to considering their own convictions and research the chapter contributors present and broadly interpret all major points of view and central lines of inquiry     **[Journal of Contemporary Psychotherapy](#)**,1981

**[Women in Cross-Cultural Perspective](#)** Leonore Loeb Adler,1991-01-30 This unique collection contains original chapters covering seventeen different countries and cultures from every area of the inhabited world Each chapter examines the role of women in the society under study and is written by a contributor who provides an insider s point of view on women s experience in that culture Taken together these essays provide an important opportunity to compare and contrast how women around the globe function and live The profiles range from detailed descriptions of women in traditional communities through in depth examinations of women s rapidly evolving roles in advanced industrial societies By identifying the diversities and commonalities of the female experience and taking into account the different cultures climates customs manners lifestyles and stages of economic development these chapters provide new ways of understanding how the relationship between gender and culture affects the human experience Following an introduction by the editor each chapter addresses women s experience in a particular country or region Most include a short historical background sketch followed by an extended life span exposition of women in a chronological sequence from infancy and school years through marriage and childbirth adulthood and aging Among the issues addressed by the contributors are the impact of greater educational
