**Becoming Jane Austen** Jon Spence, 2007-03-05 Jon Spence's fascinating biography of Jane Austen paints an intimate portrait of the much loved novelist. Spence's meticulous research has perhaps most notably uncovered evidence that Austen and the charming young Irishman Tom Lefroy fell in love at the age of twenty and that the relationship inspired *Pride and Prejudice* one of the most celebrated works of fiction ever written. *Becoming Jane Austen* gives the fullest account we have of the romance which was more serious and more enduring than previously believed. Seeing this love story in the context of Jane Austen's whole life enables us to appreciate the profound effect the relationship had on her art and on subsequent choices that she made in her life. Full of insight and with an attentive eye for detail, Spence explores Jane Austen's emotional attachments and the personal influences that shaped her as a novelist. His elegant narrative provides a point of entry into Jane Austen's world as she herself perceived and experienced it. It is a world familiar to us from her novels but in *Becoming Jane Austen* Austen herself is the heroine.

Emma Woodhouse to Harriet Smith in *Emma*: I am of a cautious temper and unwilling to risk my happiness in a hurry. Nobody can think more highly of the matrimonial state than myself. I consider the blessing of a wife as most justly described in those discreet lines of the poet: Heaven's last best gift. Henry Crawford to his sisters in *Mansfield Park*: It is a truth universally acknowledged that a single man in possession of a good fortune must be in want of a wife. From *Pride and Prejudice*.

In this groundbreaking book Andrew Higson demonstrates how a variety of Englishnesses have appeared on screen since 1990 and surveys the genres and production modes that have captured those representations. He looks at the industrial circumstances of the film business in the UK government film policy and the emergence of the UK Film Council. He examines several contemporary English dramas that embody the transnationalism of contemporary cinema from *Notting Hill* to *The Constant Gardener*. He surveys the array of contemporary fiction that has been re-worked for the big screen and the pervasive and successful Jane Austen adaptation business. Finally he considers the period's diverse films.
