

The background of the image is a painting of a woman's profile, looking towards the right. She has light-colored hair and is wearing a light-colored, possibly white, garment. Overlaid on this painting are several black silhouettes of a multi-armed chandelier, arranged in a grid-like pattern across the entire image.

Becoming Jane Eyre A Novel:

Becoming Jane Eyre Sheila Kohler,2009-12-29 A beautifully imagined tale of the Brontë sisters and the writing of Jane Eyre Sheila Kohler's memoir *Once We Were Sisters* is now available. The year is 1846. In a cold parsonage on the gloomy Yorkshire moors a family seems cursed with disaster. A mother and two children dead. A father sick without fortune and hardened by the loss of his two most beloved family members. A son destroyed by alcohol and opiates. And three strong intelligent young women reduced to poverty and spinsterhood with nothing to save them from their fate. Nothing that is except their remarkable literary talent. So unfolds the story of the Brontë sisters. At its center are Charlotte and the writing of Jane Eyre. Delicately unraveling the connections between one of fiction's most indelible heroines and the remarkable woman who created her. Sheila Kohler's *Becoming Jane Eyre* will appeal to fans of historical fiction and of course the millions of readers who adore Jane Eyre as well as biographies about the Brontës like Claire Harman's *Charlotte Brontë A Fiery Heart*.

Biofiction and Writers' Afterlives Bethany Layne,2020-06-25 The twelve essays collected in this work explore the afterlives of nineteenth and twentieth century writers in biographical fiction or biofiction and its sister genre the biopic. The essays situate these genres in relation to their generic cultural and ideological contexts and are organised into four groups. The first locates the origins of biofiction in the historical novel and in Modernist experiments in life writing while the second consists of case studies of biofiction about writers from the long nineteenth century Charlotte Brontë Henry James Constance Fenimore Woolson and Rupert Brooke. A guest essay by novelist Maggie Gee opens the third group which analyses the fertile sub genre of biographical novels about Woolf while the fourth and final part of the book concerns the related genre of the biopic. The volume is comprised entirely of original commissions whose authors include postgraduate students practitioners and specialists in biographical writing. It will appeal to undergraduates and postgraduates on life writing and contemporary literature modules as well as fans of the featured biographical novelists and their subjects.

The Brontë Sisters:

Evaluation of the novels Jane Eyre, Shirley and Villette Eleanor Jane McNees,1996 The Brontë sisters have received an enormous amount of critical attention given their short lives and relatively slender literary production. As a group and individually the Brontës' works resist being swept away by any one critical approach. They defied conventional ideas of the novel genre and have always made it difficult for critics to categorize them. The aim of these volumes is to emphasize both the diversity and difficulty of critical approaches to the works.

The Writer on Film J. Buchanan,2013-06-03 Examining films about writers and acts of writing. *The Writer on Film* brilliantly refreshes some of the well worn adaptation debates by inviting film and literature to engage with each other trenchantly and anew through acts of explicit configuration not adaptation.
