Edinburgh Edition of the Collected Letters of Katherine Mansfield, Volume 3 Gerri Kimber, Claire Davison, 2023-11-01

Unlike the first two volumes of this new edition of Katherine Mansfield's letters which encompassed a dazzling variety of correspondents this third volume focuses exclusively on letters to John Middleton Murry chronologically arranged from the day when he first became her lodger in 1912 through to the week after the Armistice in November 1918 when they were newly married It is no exaggeration to say that over the course of these six years their entire world was turned upside down By the time the volume closes they are married but already increasingly estranged they have both become professional writers but grapple with increasing economic precarity Europe lies ravaged by war and the devastating diagnosis of tuberculosis has been pronounced not ironically for Murry whose fragile health had preoccupied them for two years but for Mansfield herself This volume of letters documents the whole spectrum of changes against a vivid historical and socio-cultural backdrop and contains entirely new insightful and extensive annotations A second volume of letters between the pair completes the edition
