Subcommittee on Aviation,1998    *In the Blink of an Eye* Pat Milton,1999 Like the sinking of the Titanic the crash of TWA Flight 800 just off Long Island New York in the early evening of July 17 1996 captured the world s imagination Associated Press reporter Pat Milton has covered the story from day one and was granted unprecedented access to the FBI investigation the largest and most complex in the agency s history Initially suspecting that a crime had been committed James Kallstrom the head of the FBI s New York office led the two year investigation from the start In the Blink of an Eye offers a rare look at the efforts of several government agencies which often had different missions to find the truth about the most mysterious and disturbing disaster in aviation history Commercial jets don t just fall out of the sky So what happened Was TWA s Flight 800 the first plane to be downed by enemy action within the United States On the night of the crash President Clinton told his national security advisors to ready a plan to retaliate if the destruction of Flight 800 proved to be a state sponsored terrorist attack If a bomb or missile had caused the disaster Kallstrom was determined to find the perpetrators before they struck again If it wasn t either of these he was no less determined to preclude the sort of conspiracy theorizing that followed the Warren Commission report on the assassination of JFK As Kallstrom and his agents tried to piece together the sequence of events that preceded the explosion of Flight 800 s center fuel tank the victims families also had to come to terms with the tragedy Their anguish was as much on Kallstrom s mind as the details of the mystery itself In this vivid account Pat Milton takes us inside the homes and lives of the victims families as well as inside the investigation and as close to the real cause of the crash as we ll ever come    **Flight International** ,2006
