## **The Husband of One Wife** James S. Markle, 2024-10-15

Over the course of thirty seven years Jim Markle planting and rescuing churches from closing he has had the responsibility of writing and rewriting several church constitutions and doctrinal statements. In doing this he had to wrestle with what the Bible actually teaches about the qualifications of pastor and deacons of a church. These qualifications listed in 1 Timothy and Titus deal with the character of the man desiring to be a pastor. Traditionally one of these qualifications has been taken out of the realm of the character of the man and placed in the particular status of a man's relationships. This is the qualification that the man desiring to be a pastor must be the husband of one wife. This qualification is usually applied to the man's marital status and primarily to the issue of divorce and remarriage. However it says nothing about divorce and remarriage. This qualification like the rest of them deals with the man's present character not his past conduct. Because of this faulty standard preventing some otherwise qualified men from being allowed to enter the pastorate Jim has dug into the phrase the husband of one wife through a study of the Greek grammar of this particular phrase comparing it to other passages of Scripture that deal with divorce and remarriage to clear up the misconceptions of this qualification of pastor. Jim's goal is to ask and answer the question of what it means to be the husband of one wife for a man.

to be qualified to be a pastor of a local church This book gives the results of that study in a clear and concise manner

**Biblical Exegesis, Fourth Edition** John H. Hayes, Carl R. Holladay, 2022-10-04 This is a beginner's guide to biblical exegesis providing exegetical methods, practices, and theories. This book provides simple helpful information and guidance about doing exegesis without being overly prescriptive. It succinctly introduces students to various methods, provides basic bibliographies that take students beyond an introductory discussion, and emphasizes exegesis as an everyday activity based on commonsense principles rather than as an esoteric enterprise. This revised edition of this perennially best selling textbook includes discussions of emerging methods of interpretation aimed at a contemporary audience. Several chapters have been updated and improved, and readers will find an incisive new chapter on exegesis with a focus on identity and advocacy. Holladay has also written a new concluding chapter on exegesis as the art of seeing. Bibliographies are updated and a helpful glossary is included in this new edition.

**Companion Volume to the Analytical-Literal Translation: Third Edition**

Gary F. Zeolla, 2007-09-18 This book is a companion to the Analytical Literal Translation Third Edition ALT3. It will help the reader to understand the reasons for the unique translations often seen in the ALT. This Companion Volume is divided into four sections. The first section provides background information for the ALT, answers frequently asked questions about the ALT, and overviews the ALT's unique features. The second section consists of Glossary and Translation Notes which explain the reasons for how important words are translated in the ALT. The third section is an eight part Grammatical Renderings section. This section explains the reasons for the unique translation of Greek tenses seen in the ALT. This section is detailed enough to be used as a primer on Greek grammar. The fourth section contains lists of Significant Textual Variants and Alternate Byzantine Text Readings. These lists will be of great value to the person interested in studying the issue of textual variants.

**Biblical Exegesis** John Haralson Hayes, 1987-01-01 The new edition retains the features of the first edition: a minimum of technical terms, solid introductory guidelines in exegetical method, and a valuable presentation of exegetical theory and practice. The new edition is even more ideal for general introductory courses in Old and New Testament exegesis, courses on specific books, homiletics, and preaching courses, and courses focusing on historical topics.

**The Princeton Theological Review**, 1915 *The Pastor's Library* Robert A. Yost, 2017-09-21 In the spirit of Cyril Barber's classic work from the 1970s *The Minister's Library*, Robert Yost provides students and pastors with expert guidance on building a working ministerial library. From Old and New Testament languages, lexical aids, and grammatical tools to commentaries and theologies, as well as pastoral resources, Yost is a trustworthy guide through the multiplicity of books that seem to just keep rolling off the presses. Far more than just a guide to commentaries as are so many works today, this resource is a balanced pastoral tool for pastors and students who are overwhelmed by the proliferation of literature in the fields of biblical and pastoral studies.
