## **Become Creative Writer Minutes Coursebook:**

**Become Creative Writer in 45 Minutes** Jonathan Membron, 2014-12-17 Creative writing is all about using your imagination to create wonderful pieces of work. This style of writing allows you the writer to express your own thoughts, feelings, emotions, and ideas in a more interesting way rather than just merely presenting facts. The most common examples of creative writings are blog entries, novels, short stories, scripts seen on television screens, stage plays, music, and so many more. Advertisements on televisions and billboard ads are great examples of creative writing products, and in fact everywhere you look is surrounded by products of creative writing. The beauty of creative writing is that it allows the author to exercise his imagination and let it run wild while creating beautiful output that either amuses, inspires, or informs their readers. Most blogs or online journals which have become wildly popular and accepted in this common day and age are great examples of creative writing. Creative writing is a great way for anyone of any age and gender to express themselves and create a voice that needs to be heard. I want you to become world famous writer in 45 minutes. You are strong enough to become creative writer. I know that you CAN do it. I trust in you. With a few secrets mentioned in this book, you will be able to become creative writer easily. Trust in yourself. I trust in you because you are a good person, and I want to share my secrets with you. What you'll get inside: Creative Writing Prompts, Creative Writing Exercises, Creative Writing Topics, Creative Writing Tips, Creative Writing Jobs Available. Take a sneak peak inside page 14. Creative Writing Topics. Oftentimes one of the hardest challenges of writing is finding the perfect topics that the writer is comfortable writing while being engaging at the same time. It is important that as a writer, you know what you are writing about, especially when writing about opinions and certain topics that require adequate knowledge. Here are a few creative writing topics that are popular and relatable: Articles, Current event opinions, Satire articles, Open opinion articles that mostly discuss one's point of view on a certain matter, Tips and tricks on specific topics, e.g. Top 10 Tricks To Keeping A Clean Home, Product Reviews, Diary entries, Stories, Memoirs, Biographies, Short romantic fiction stories, Comics, Scripts for plays, advertisements, TV shows, Poetry. There is not a single topic limited for creative writing, and in fact venturing into every style of writing is best, especially for those who want to gain more experience. It is important to gain diversity in creative writing since there are so many topics to write about, which also means lots of opportunities, especially for those who want to make a living out of writing.
