

# KNOW YOUR CRAFT

*The general characteristics and food suggestions below will point you in the right direction when making craft-beer recommendations to guests.*

## Bock

**Characteristics:** A malty dark lager often served to take the chill off. There are single and double bocks—even a triple bock reminiscent of a fine port wine.

**Recommend with:** Stews and, especially with a triple bock, chocolate or creamy desserts.

## Pale Ale

**Characteristics:** Lively brew, often with a hoppy finish. More full-flavored than the name suggests.

**Recommend with:** Hearty fare, like brats and beef.

## Pilsner

**Characteristics:** A light, dry lager, typically well-hopped with a subtle maltness. The world's most popular style of beer.

**Recommend with:** Seafood.

## Red Ale

**Characteristics:** Refreshing with only a mild bitterness, perfect for first-time craft-beer drinkers.

**Recommend with:** Meat dishes—beef, chicken, lamb, even smoked fish.

## Dark Lager

**Characteristics:** Known for its clean roundness—not too sweet, not too dry—and often has a spicy maltness.

**Recommend with:** Pizza, sausage and spicy chicken dishes.

## Steam Beer

**Characteristics:** A hybrid brew, with the clean drinkability of a lager combined with the full-bodied complexity of an ale. An American original.

**Recommend with:** Shellfish.

## Fruit Beer

**Characteristics:** Made with a hint of the fruit essence or syrup used in the brewing process—everything from apricots to apples.

**Recommend with:** Salads and fruit desserts or just by itself.

## Wheat Beer

**Characteristics:** Refreshingly tart and carbonated. Often served with a lemon wedge to enhance the bite.

**Recommend with:** Chicken, seafood, salads and vegetable platters.

## Porter

**Characteristics:** Very dark, with a pronounced, satisfying bitterness and rich, foamy head.

**Recommend with:** Oysters on the half-shell and bold-flavored beef dishes.

## Brown Ale

**Characteristics:** Ranges from dry to sweet in maltness, often with nutty accents.

**Recommend with:** Fish-and-chips and side dishes with nuts.

## Stout

**Characteristics:** Rousy and pleasantly bitter like a Porter, but usually drier and creamier.

**Recommend with:** Shellfish, especially crab and lobster.

## Lambic

**Characteristics:** Dry and bubbly like a fruity—often raspberry—champagne. Whets the appetite.

**Recommend with:** Fruit desserts, or as a before-dinner drink.

# Beer Training Guide Template

**Mary Pellettieri**

## Beer Training Guide Template:

Crafting Brewery Culture Gary Nicholas, 2023-04-11 Brewery operations are defined by their most valuable assets their employees The importance of recruiting developing and supporting staff members cannot be overstated how you support and empower your employees makes a significant difference in the long term success of the company This book will walk you through candidate selection and best practices for training new team members It delves into professional development practices and how to build teams and fill in skill gaps It shows how an operation driven by positive reinforcement teamwork and accountability can help employees learn from mistakes and grow in responsibility It explains the difference between leadership and management and how to use each effectively to achieve a sustainable and growth centered culture A positive and resilient brewery culture will foster a resilient staff one that will withstand changes and shocks to the business while being flexible enough to sustain periods of growth and daily operational challenges This book lays out the structural components behind such a cultural framework strategies for breathing life into this framework and a roadmap for implementing and maintaining it Finally the book s appendixes offer working templates for everything from interviews to training plans and performance assessments to goal setting Whether your brewery is looking at safety quality or financial targets success doesn t come from what you measure Success is about what your team does every single day Build a culture build a team and build a successful future

*Quality Management* Mary Pellettieri, 2015-10-07 Quality management for small regional and national breweries is critical for the success of craft brewing businesses Written for staff who manage quality assurance QA and quality control QC in breweries of all sizes this book clearly sets out how quality management is integrated into every level of operation Author Mary Pellettieri shows how quality management is a concept that encompasses not only the free from defect ethos but combines the wants of the consumer and the art of brewing good beer Breweries must foster a culture of quality where governance and management seamlessly merge policy strategy specifications goals and implementation to execute a QA QC program What tests are necessary knowing that food safety alone does not signify a quality product adhering to good management practice GMP proper care and maintenance of assets standard operating procedures training and investment in staff and more must be considered together if a quality culture is to translate into success The people working at a brewery are the heart of any quality program Management must communicate clearly the need for quality management delineate roles and responsibilities and properly train and assess staff members Specialist resources such as a brewery laboratory are necessary if an owner wants to be serious about developing standard methods of analysis to maintain true to brand specifications and ensure problems are identified before product quality suffers Staff must know the importance of taking corrective action and have the confidence to make the decision and implement it in a timely fashion With so many processes and moving parts a structured problem solving program is a key part of any brewery s quality program How should you structure your brewing lab so it can grow with your business What

chemical and microbiological tests are appropriate and effective How are new brands incorporated into production How do you build a sensory panel that stays alert to potential drifts in brand quality Which FDA and TTB regulations affect your brewery in terms of traceability and GMP Can you conduct and pass an audit of your processes and products Mary Pellettieri provides answers to these key organizational logistical and regulatory considerations Annual Book of ASTM Standards American Society for Testing and Materials,1985 Index to ASTM standards issued as last part of each vol ASTM Standards on Sensory Evaluation of Materials and Products ,1988 **Popular Science** ,1977-12 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better
