Before Head Start Before Head Start:

Before Head Start Hamilton Cravens,2000-11-09 Between the 1920s and the 1950s the child welfare movement that had originated as a moral reform effort in the Progressive era evolved into the science of child development In Before Head Start Hamilton Cravens chronicles this transformation both on the national level and from the perspective of the field s best known research center the University of Iowa s Child Welfare Research Station Addressing the changing role played by women and the importance of Rockefeller philanthropy he shows how a women s reform movement became a male dominated conservative profession and demonstrates how lay pressure groups can influence the structures and processes of science Animated by the reformist goals of the child welfare movement scientists at the Iowa Station challenged the pervasive idea that an individual s development was determined by such group traits as race class and gender Instead their research suggested that early social intervention could rescue a child from a grim future Cravens argues that this individualistic perspective rejected in the 1940s by a scientific community that mirrored society s deterministic notions anticipated the national social reforms of the post 1950s era including Head Start

Critical Perspectives on Project Head Start Jeanne Ellsworth,Lynda J. Ames,1998-09-11 This book offers critical perspectives on the complex dynamics of politics class gender power race and ethnicity in Project Head Start past and present Moving beyond the literature on Head Start s effects on children s achievement this volume considers how the program has operated sometimes effectively and comfortably sometimes not with families in communities and with other institutions Contributors address historical background parent involvement and governance cultural diversity and relationships with other institutions The research reported is rich with the voices of parents community members and staff and is complemented by first person chapters written by participants themselves Head Start s appeal and its reputation for success are both championed and critically questioned in this book with an eye toward where Head Start might be going where it should be going and how we can better understand poverty social programs and education
