### Instructions

**Calculators may be used on any question.**

Answer as many questions as you can. This may be done in any order.

Concentrate on complete solutions to questions rather than fragmentary answers.

Final answers should be double-underlined.

Answers should include correct units where necessary.

Answers given as fractions should be reduced to lowest terms and written as mixed numbers where appropriate.

Unless specified, where not exact, answers should be given to 3 significant figures.

Diagrams are not drawn accurately unless specified.

You are encouraged to cross out mistakes neatly, not erase them.

All working and answers are to be written in this booklet, but lined paper is available on which to continue or redo questions.
