Kaplan, Jaap Geraerts, 2023-08-31 This book examines the practice of toleration and the experience of religious diversity in the early modern world Recent scholarship has shown the myriad ways in which religious differences were accommodated in the early modern era 1500 1800 This book propels this revisionist wave further by linking the accommodation of religious diversity in early modern communities to the experience of this diversity by individuals It does so by studying the forms and patterns of interaction between members of different religious groups including Christian denominations Muslims and Jews in territories ranging from Europe to the Americas and South East Asia This book is structured around five key concepts the senses identities boundaries interaction and space For each concept the book provides chapters based on new original research plus an introduction that situates the chapters in their historiographic context *Early Modern Toleration New Approaches* is aimed primarily at undergraduate and postgraduate students to whom it offers an accessible introduction to the study of religious toleration in the early modern era Additionally scholars will find cutting edge contributions to the field in the book s chapters *Lamb's Biographical Dictionary of the United States* John Howard Brown, 1900 *Historic America* Historic American Buildings Survey, Historic American Engineering Record, 1983 Mendicants, Military Orders, and Regionalism in Medieval Europe Jürgen Sarnowsky, 2021-12-24 The new religious orders of the 12th and 13th centuries the military orders and the mendicants were established as international orders Yet they were inevitably dependent on regional and local conditions for recruitment and finance and could not escape involvement in the power structures whether secular or ecclesiastical of the areas in which they were based This book examines the tensions that arose from this and how they evolved and were manifested It looks in particular at the orders early expansion and at the special conditions that applied in frontier regions notably those in Northern and Central Europe which have typically been less well studied *Records of the Moravians in North Carolina: 1838-1847* Adelaide Lisetta Fries, 1964 East European Accessions Index, 1958-04 **Records of the Moravians in North Carolina** Adelaide Lisetta Fries, 1968 **"Left to Themselves, the Cherokee Would Become a Prosperous, Independent Commonwealth, and Would Never Sell Their Lands"** Stuart David Willis, 2009 Actes and Monuments of Matters Most Speciall and Memorable, Happening in the Church John Foxe, 1610 *History of Freemasonry in Maryland, of All the Rites Introduced Into Maryland, from the Earliest Times to the Present ...* Edward T.
