Entrepreneurial Finance Janet Kiholm Smith, Richard L. Smith, Richard T. Bliss, 2011-03-22 *Entrepreneurial Finance* Strategy Valuation and Deal Structure applies the theory and methods of finance and economics to the rapidly evolving field of entrepreneurial finance This approach reveals how entrepreneurs venture capitalists and outside investors can rely on academic foundations as a framework to guide decision making Unlike other texts this book prepares readers for a wide variety of situations and problems that stakeholders might confront in an entrepreneurial venture Readers will find a unique and direct focus on value creation as the objective of each strategic and financial choice that an entrepreneur or investor makes The authors specifically address the influences of risk and uncertainty on new venture success devoting substantial attention to methods of financial modeling and contract design Finally the authors provide a comprehensive survey of approaches to new venture valuation with an emphasis on applications The book appeals to a wide range of teaching and learning preferences To help bring the book to life simulation exercises appear throughout the text For those who favor the case method the authors provide a series of interactive cases that correspond with the book chapters as well as suggestions for published cases Finally the book is organized to complement the development of a business plan for those who wish to create one as they read along *Entrepreneurial Finance* is most effectively used in conjunction with a companion website <http://www.sup.org/entrepreneurialfinance> On this site Venture Sim simulation software spreadsheets templates simulation applications interactive cases and tutorials are available for download For those teaching from the book the authors also provide an invaluable suite of instructor's resources

Handbook of Leadership Theory and Practice Nitin

Nohria, Rakesh Khurana, 2010-01-26 *The Handbook of Leadership Theory and Practice* seeks to bridge this disconnect Based on the Harvard Business School Centennial Colloquium *Leadership Advancing an Intellectual Discipline* and edited by Harvard Business School professors Nitin Nohria and Rakesh Khurana this volume brings together the most important scholars from fields as diverse as psychology sociology economics and history to take stock of what we know about leadership and to set an agenda for future research

Rethinking Law and Development Guanghua Yu, 2013-03-12 This book is the result of the collective effort of some of the foremost experts and scholars of Chinese law Asian law and Chinese economics and carefully examines the relationship between law and China's economic development Serious inquiries and candid opinions of the contributors have made for stimulating discussion and debate in many controversial areas This book is likely to result in further research into factors affecting China's economic development political change and China's interaction with the international community The book explores the development of the Chinese legal system from both China's historical perspective taking into account the specific political and socioeconomic factors that are shaping Chinese law and from a comparative perspective exploring the interaction between China and the rest of the world The book brings together key international scholars of Chinese law and economics including Hualing Fu Roda Mushkat Randall Peerenboom

Zhigang Tao and Frank Upham The first part of the book focuses on the linkages between the formal law and China's economic development looking at Chinese courts economic institutions and firm behaviour as well as contract enforcement and property rights Part two deals with issues of law human rights and social justice as they relate to economic and human development Taken as a whole the book offers a unique discourse on the interaction between law and economic and human development in China

Business Ethics: Kant, Virtue, and the Nexus of Duty Richard M. Robinson, 2021-12-09 This book offers students a philosophical introduction to the ethical foundations of business management It combines lessons from Kant with virtue ethics and also touches upon additional approaches such as utilitarianism At the core of the book lies the concept of the nexus of imperfect managerial duty building and reinforcing the virtuous managerial team engaging in reasoned discourse among all stakeholders and diligently pursuing business responsibilities including the creative efforts necessary for modern organizations Case illustrations of these applications are presented throughout the book including chapter appendices Ancillary videos test and answer banks and sample syllabi are available online via the author's website

Imperfect Duties of Management Richard M. Robinson, 2018-10-08 This book uses Kant's idea of imperfect duty to extend the theory of the firm Unlike perfect duty which is contractual or otherwise legally binding imperfect duty consists of those commitments of choice that pursue some moral value but that have practical limits to their pursuit The author presents a broad view of the imperfect duties of management defined as a nexus of all commitments to do good involving relations internal and external to the firm This nexus consists of three overlapping categories of i building a virtuous managerial community ii pursuing reasoned managerial discourse and iii diligent and reasoned pursuit of the body of routine managerial duties such as capital budgeting and internal controls Specific applications of the nexus theory for stakeholder relations via fair negotiation and for analysis of the effects on the managerial team of perquisite consumption are presented This book has major implications for research in business ethics and allows critical insights into managerial decision making

The British National Bibliography Arthur James Wells, 2009

Managerial Economics & Organizational Architecture James A. Brickley, Clifford Smith, Jerold L. Zimmerman, 2007 With two distinct objectives this text's approach to managerial economics takes models from recent economics research and applies the research to the internal structure of a firm After teaching basic applied economics the authors look inside the firm and apply this analysis to management decision making Authors Brickley Smith and Zimmerman contend that organizational architecture consists of three aspects of corporate organization the assignment of decision rights within the company methods of rewarding individuals the structure of systems to evaluate the

performance of both individuals and business units These three components can be likened to a stool with three legs If one of the legs is shorter the stool is out of balance These three elements must be in balance in the organization as well

Performance Measurement of New Product Development Teams Magdy G. Abdel-Kader, Erin Yu-Ching Lin, 2009-03-15 Using the example of four Taiwanese brand name multinational companies this study seeks to unpack the relationship between project team performance measurement systems and new product success failure It examines the use of performance measurement results and the resulting impact on team member behaviour and functional departments **R.L.**
