Breaking Into The Current Boatwomen Of The Grand Canyon:

Breaking Into the Current Louise Teal, 1994-02 In 1973 Marilyn Sayre gave up her job as a computer programmer and became the first woman in twenty years to run a commercial boat through the Grand Canyon Georgie White had been the first back in the 1950s but it took time before other women broke into guiding passengers down the Colorado River This book profiles eleven of the first full season Grand Canyon boatwomen weaving together their various experiences in their own words Breaking Into the Current is a story of romance between women and a place Each woman tells a part of every Canyon boatwoman s story when Marilyn Sayre talks about leaving the Canyon when Ellen Tibbets speaks of crew camaraderie or when Martha Clark recalls the thrill of white water each tells how all were involved in the same romance All the boatwomen have stories to tell of how they first came to the Canyon and why they stayed Some speak of how they balanced their passion for being in the Canyon against the frustration of working in a traditionally male oriented occupation where today women account for about fifteen percent of the Canyon s commercial river guides As river guides in love with the Canyon and their work these women have followed their hearts I ve done a lot says Becca Lawton but there s been nothing like holding those oars in my hands and putting my boat exactly where I wanted it Nothing

Exploring the Colorado River John Wesley Powell, 2012-07-19 Powell s 1869 expedition was the first successful attempt to map the Colorado River This volume assembles the explorers journals accounts and letters into a compelling day by day narrative [Explorations in Place Attachment](#) Jeffrey Smith, 2017-11-09 The book explores the unique contribution that geographers make to the concept of place attachment and related ideas of place identity and sense of place It presents six types of places to which people become attached and provides a global range of empirical case studies to illustrate the theoretical foundations The book reveals that the types of places to which people bond are not discrete Rather a holistic approach one that seeks to understand the interactive and reinforcing qualities between people and places is most effective in advancing our understanding of place attachment

Arizona Thomas E. Sheridan, 2012-02-01 Hailed as a model state history thanks to Thomas E Sheridan s thoughtful analysis and lively interpretation of the people and events shaping the Grand Canyon State Arizona has become a standard in the field Now just in time for Arizona s centennial Sheridan has revised and expanded this already top tier state history to incorporate events and changes that have taken place in recent years Addressing contemporary issues like land use water rights dramatic population increases suburban sprawl and the US Mexico border the new material makes the book more essential than ever It successfully places the forty eighth state s history within the context of national and global events No other book on Arizona history is as integrative or comprehensive From stone spear points more than 10 000 years old to the boom and bust of the housing market in the first decade of this century Arizona A History explores the ways in which Native Americans Hispanics African Americans Asians and Anglos have inhabited and exploited Arizona Sheridan a life long resident of the state puts forth new ideas about what a history should be embracing a holistic view of the region and

shattering the artificial line between prehistory and history Other works on Arizona s history focus on government business or natural resources but this is the only book to meld the ethnic and cultural complexities of the state s history into the main flow of the story A must read for anyone interested in Arizona s past or present this extensive revision of the classic work will appeal to students scholars and general readers alike *River Flowing From The Sunrise* James M Aton,2000-12-01 The authors recount twelve millennia of history along the lower San Juan River much of it the story of mostly unsuccessful human attempts to make a living from the river s arid and fickle environment From the Anasazi to government dam builders from Navajo to Mormon herders and farmers from scientific explorers to busted miners the San Juan has attracted more attention and fueled more hopes than such a remote unpromising and muddy stream would seem to merit *Travelers' Tales, American Southwest* Sean O'Reilly,James O'Reilly,2001 With its vast vistas splendid sunsets and rich history the American Southwest has always inspired superb writing *Travelers Tales Southwest* features a choice selection of some of the best by Tony Hillerman David Roberts Barbara Kingsolver Alex Schoumatoff Terry Tempest Williams Edward Abbey and others *Maps Boatman's Quarterly Review* ,2008 ***Into Another Time*** Margaret Randall,2004 A book of poems reflects the author s lifelong love of Arizona s Grand Canyon *Tributary Voices* Paul A. Formisano,2022-04-26 The Colorado River is in crisis Persistent drought climate change and growing demands from ongoing urbanization threaten this life source that provides water to more than forty million people in the U S and Mexico Coupled with these challenges are our nation s deeply rooted beliefs about the region as a frontier garden and wilderness that have created competing agendas about the river as something to both exploit and preserve Over the last century and a half citizens and experts looked to law public policy and science to solve worsening water problems Yet today s circumstances demand additional perspectives to foster a more sustainable relationship with the river Through literary rhetorical and historical analysis of some of the Colorado River s lesser known stakeholders *Tributary Voices* considers a more comprehensive approach to river management on the eve of the one hundredth anniversary of the signing of the Colorado River Compact which governs the allocation of water rights to the seven states in the region Ranging from the early twentieth century to the present *Tributary Voices* examines nature writing women s narratives critiques of dam development the Latina o communities appeals for river restoration American Indian authors and tribal nations claims of water sovereignty and teachings about environmental stewardship and provident living This innovative study models an interdisciplinary approach to water governance and reinvigorates our imagination in achieving a more sustainable water ethic *Grand Canyon Women* Betty Leavengood,1999 The Grand Canyon is as well known for its intrepid adventurers as it is for its overwhelming beauty While the most well known adventurers are men many of the Canyon s heroes are heroines In *Grand Canyon Women* Betty Leavengood corrects this omission from history and tells the stories of these daring remarkable individuals River runners scientists wranglers architects rangers and housewives these women braved the remote and rugged terrain of the Grand Canyon Some were there as a result of circumstance while

others sought the landscape with passion and purpose Most met the challenges of the Canyon others suffered a darker fate All of them however were changed forever by their experiences For each of the fifteen women profiled Betty Leavengood shows how in the midst of nature s indiscriminate universe each woman discovers her identity October 20 1928 was a crisp autumn day in Green River Utah Bessie and Glen Hyde launched their scow onto the Green River and began the journey of their lives From here the two would join the Colorado and float 660 miles through the Grand Canyon for some forty nine days with plans to reach Needles California But in the late 20s the section of the Colorado that ran through Cataract Canyon was one of its fiercest and wildest It harbored treacherous whirlpools deep holes obtrusive rocks that could wrap a boat like a sheet of paper Once you began the run there was no turning back From tales of bold exploration to moments of crushing defeat from places of life defining discovery to the tidy homes of rural routine this collection takes the reader on both humorous and heart wrenching journeys These women will inspire the reader and their stories will enrich anyone s stay at the Grand Canyon
