Breaking Chains Capitalism Evolutionary Journey:

Breaking the Chains of Capitalism Marco D'Anna, 2015-11-18 This book offers for consideration an integrated social economic structure and technical solution capable of ending the predatory evolution of our species This book also explains the primary factor responsible for the most preventable suffering and death throughout the evolutionary development of our species and how to correct this dysfunction at its source It also describes how our species is undergoing a natural evolutionary transition from creatures still under the control of our predatory instincts into enlightened beings capable of creating technically advanced societies free of social economic competition for survival This book explains how subjective realities are induced as a powerful form of psychological manipulation and used to control the working class populations for thousands of years It also describes how the effects of artificial selection have altered the intellectual evolutionary development of our species to make our systematic exploitation under capitalism seem like an acceptable social economic system The integrated solution in this book describes the creation of an automated community infrastructure capable of supporting a self replicating technically advanced predator free society The solution also offers exponential growth of a global network allowing more families to end their predatory competition for survival and start helping others wanting to make the transition

PROUT Acharya Krtashivananda, 2013-07 The progressive utilisation theory PROUT defines maximum balanced and progressive utilisation and rational distribution of crude subtle and causal resources Its humanistic socialism indicates that construction of industries roads and buildings are not the criteria of progress but evolution of human values and quality of life in a spiritual sense are the real criteria Economic democracy promotes decentralisation and people's control of the means of production as opposed to centralisation of economic power either by the state or by the transnational corporations

The Postmodern Adventure Steven Best, Douglas Kellner, 2020-12-18 This compelling book explores the challenges to theory politics and human identity that we face on the threshold of the third millennium It follows on the successor of Best and Kellner's two previous books Postmodern Theory acclaimed as the best critical introduction to the field and The Postmodern Turn which provides a powerful mapping of postmodern developments developments in the arts politics science and theory In The Postmodern Adventure Best and Kellner analyze a broad array of literary cultural and political phenomena from fiction film science and the Internet to globalization and the rise of a transnational image culture

Marx and Europe Matthieu de Nanteuil, Anders Fjeld, 2024-04-10 This book provides a unique scientific contribution to the debate on Marx's legacy in proposing to critically articulate two lines of discussion which are most often kept apart On the one hand it reassesses the place of Marxian thought in the construction of Europe seeking to revitalize the European political debate On the other it situates Marx thought in the perspective of postcolonial and decolonial studies with particular attention to their effort to overcome the indisputable limits of the Marxian legacy In asking whether Marx thought was too European or not European enough the book examines internationalist emancipatory politics and eurocentrism class struggle

and finance in the shaping of the European institutions migration identity and violence as well as Marxian critiques of colonialism both within and beyond Europe At a time of extreme tension also within leftist politics this book provides a precise and rigorous argument on what continues to make Marx sthought relevant in grappling with social domination in the era of global capitalism while also exploring the limits of Marxism today both at the European level and worldwide

Bharatiya Samajik Chintan ,1991 The Interdependent Organization Rexford H. Draman,2017-09-08 The Interdependent Organization provides its readers with a template for the development of an individualized transition plan to guide their journey toward becoming more organizationally sustainable We as humans tend to rely on our current set of assumptions when we evaluate our actions and their potential impact on the future With today s ever increasing rate of change in technology our access to information and cultural interactions interdependence around the world the reliance on old ways of thinking linear will not allow us to effectively transition into the systems based world of tomorrow The Interdependent Organization presents a deeper understanding of the financial operational and cultural crossroads we are facing as a planet and introduces a systems based transitional path that individuals organizations and societies can draw on to move towards a more holistic and sustainable future The book provides readers with the necessary understanding and insight into systems systems thinking and the use of systems based business tools to guide the sustainability journey while producing a positive impact to the organization s bottom line its employee engagement and its stakeholders expectations in each of the journey s three stages The journey begins with the adoption of simple yet powerful systems based tools for managing the organization s operations and projects These proven tools provide increased productivity with a proven bottom line improvement that exceeds 30% This introduction to systems based tools and thinking provides the organization with the time to become more familiar with this new way of thinking and making business decisions before they expand their exposure to broader more complex systems based and sustainable practices The second stage of this journey is focused on introducing new tools and practices to insure a consistent set of measures are used across the organization The third and final stage focuses on aligning the organization s people management practices **Transformations in Slavery** Paul E.

Lovejoy,2000-08-28 This history of African slavery from the fifteenth to the early twentieth century examines how indigenous African slavery developed within an international context Professor Lovejoy discusses the medieval Islamic slave trade and the Atlantic trade as well as the enslavement process and the marketing of slaves He considers the impact of European abolition and assesses slavery s role in African history The book corrects the accepted interpretation that African slavery was mild and resulted in the slaves assimilation The new edition incorporates recent research revised statistics on the slave trade demography and an updated bibliography **Critical Political Economy of the European Polycrisis** Andreas Bieler,Vincenzo Maccarrone,2025-10-07 This book analyses the intertwined crises facing the European Union within their global context through the lens of critical political economy Challenging conventional narratives of European integration it
