**William Barclay, the Authorized Biography** Clive L. Rawlins, 1984    **Preaching to Be Heard** Lucas O'Neill, 2019-02-13 If a sermon is preached in a church and no one is listening does it make a difference There are many expository preachers who forego dynamic delivery and many dynamic preachers who lose sight of faithfully communicating the biblical text Too often preachers feel they have to choose one or the other But dynamic delivery and faithful exposition are not mutually exclusive In Preaching to Be Heard Lucas O'Neill shows pastors that presenting engaging sermons that are biblically focused is not an impossibility In fact the key to commanding attention lies in the text itself Rather than relying on tricks or gimmicks his approach to sermon writing focuses on maintaining tension throughout while sticking close to the biblical text Using practical examples and a step by step method O'Neill shows pastors how relying on the inherent anticipation within Scripture can lead to sermons that are powerful and heard    [Basis of Preaching Biblical Message: Preach the Word](#) Rev Dr koningthung Ngoru Moyon, 2024-11-07 Public Speaking is one of the most important tasks and challenging to the human beings It is imperative for all the committed Christians to learn, learn and live with the Biblical

truths As such the knowledge and application of Scripture is an utmost necessity to be grounded upon the word of God The necessity of Scripture means that the Bible is necessary for knowing the gospel for maintaining spiritual and moral life and for knowing God s will but is not necessary for knowing that God exists or for knowing something about God s character and moral law Basis of Preaching Biblical Message Preach the Word is for the glory of God the building up of the church and society and the spreading of the Gospel to the ends of the earth that is to all the creation Biblical preaching is centered around and takes its content from the inerrant Word of God True Biblical preaching aims at life change Biblical preaching also comes through the personality of the preacher Some communicators or preachers are encouragers some are confrontational Some are humour while others use sound logic and well reasoned content It is not good to fall into the trap of trying to mimic your favourite preacher Instead learn from them and develop your own style as a good communicator Rev Dr Koningthung Ngoru Moyon presents Biblical Preaching in his book Basis of Preaching Biblical Message Preach the Word is both an art and a science It is a science in the sense that there are rules and principles of communication that we are to follow It is an art in that each person brings his own unique personality and style to the preaching experience Preaching is truth through personality Both are necessary However the very important and foremost focus in the book is that Biblical Preaching is empowered by the work of the Holy Spirit is focus in the book

### **Preaching the Memory of Virtue and Vice** Kimberly A.

Rivers,2010 This volume explores the integral role of memory and mnemonic techniques in medieval preaching from the thirteenth to the early fifteenth century It argues that the mendicant orders inherited from the early Middle Ages both the simple mnemonic techniques of rhetorical practice and a tradition of monastic meditation founded on memory images In the thirteenth century Dominican and Franciscan writers drew on these basic techniques even as they re evaluated the ancient

mnemonic system of the *Rhetorica ad Herennium* first century BC. The increasing emphasis that intellectuals placed upon cognitive science ethics and on distinctions between rhetoric and logic created a climate that welcomed an image based memory system designed for orators. The book also explores the Franciscan contribution to mnemonics which has been almost entirely neglected by scholars. As the Franciscans came to value imaginative meditation as part of their own spiritual lives their habit of meditating on mental images of the virtues and vices eventually spilled out into their sermons. As the new orators of the period Franciscans and Dominicans each inserted mnemonic images into their sermons as a way to aid the recall of both preachers and listeners. The products of such mnemonic practices in medieval sermons which included elaborate descriptions of buildings schematic renderings of the number seven and verbal images of the virtues and vices were then allegorised in moral terms and circulated on the continent in exempla collections. This book argues that verbal images and complicated schema functioned as ordering devices for those preaching and listening to sermons whilst also provoking an affective response that enhanced listeners' devotional and penitential experiences.
