Bbc News Not On Bbc America:

Social Media at BBC News Valerie Belair-Gagnon, 2015-02-11 Since the emergence of social media in the journalistic landscape the BBC has sought to produce reporting more connected to its audience while retaining its authority as a public broadcaster in crisis reporting Using empirical analysis of crisis news production at the BBC this book shows that the emergence of social media at the BBC and the need to manage this kind of material led to a new media logic in which tech savvy journalists take on a new centrality in the newsroom In this changed context the politico economic and socio cultural logic have led to a more connected newsroom involving this new breed of journalists and BBC audience This examination of news production events shows that in the midst of transformations in journalistic practices and norms including newsgathering sourcing distribution and impartiality the BBC has reasserted its authority as a public broadcaster Click here for a short video about the book [The work of the BBC World Service 2008-09](#) Great Britain: Parliament: House of Commons: Foreign Affairs Committee, 2010-02-05 The Committee welcomes a strong performance by the BBC World Service across all media in 2008 09 particularly the unprecedented growth in online audiences The report examines the overall performance noting a global reach in radio and television of 185 million adults a week and the high regard for objectivity and relevance achieved by the Service in surveys of customers Ratings for value and loyalty were also high in some countries The report then reviews specific successes and problems in particular countries or services BBC Arabic television BBC Persian television other language services online and mobile technology China Russia Sri Lanka Rwanda Azerbaijan and administration The Committee concludes that 2009 10 will be a difficult year for the BBC World Service and that further cuts in staff and services should be avoided The World Service is of key importance in providing a source of high quality and politically independent broadcasting worldwide [The Future of Journalism in the Advanced Democracies](#) Geoff Ward, 2016-12-05 What are the current problems pressures and opportunities facing journalists in advanced democratic societies Has there been a dumbing down of the news agenda How can serious political economic and social news be made interesting to young people This book explores the current challenges faced by those working in the news media focusing especially on the responsibilities of journalism in the advanced democracies The authors comprise experienced journalists and academics from the UK and the other countries investigated In the opening section they investigate the key issues facing twenty first century journalism while in section two they offer in depth studies of the UK news media discussing national newspapers regional and local newspapers both paid for and free terrestrial satellite and cable television news radio news and online journalism These detailed analyses provide the basis for a comparison with the media of a variety of other key advanced democracies namely the USA France Germany Italy and Japan Drawing on this evidence the authors map out possible future developments paying attention to their likely global impact The book s provocative conclusions will provide the groundwork for continuing debate amongst journalists scholars and policy makers concerned about the place of

journalism in invigorating political processes and democratic functions *The Review of the BBC's Royal Charter* Great Britain: Parliament: House of Lords: Select Committee on the BBC Charter Review, 2005-11 review of the BBC's royal Charter 1st report of session 2005 06 Vol 2 Evidence **BBC annual report and accounts 2006-07** Great Britain: Parliament: House of Commons: Culture, Media and Sport Committee, 2008-01-22 A Culture Media and Sport Committee's oral evidence session on the BBC annual report and accounts 2006 07 was followed up with some written questions The Committee has concerns about the structure and content of the BBC reply to those questions In particular it is not clear why the BBC Trust takes different views on transparency of employee costs and on transparency of talent presenters or actors etc costs and why grouping of payments in bands for one but not the other presents data protection or breach of confidence issues The Committee also questions why viewing figures for BBC3 are given in three minute reach figures rather than the standard 15 minute reach used throughout the annual report and why the BBC3 figures excluding repeats of BB1 programmes were not provided On Freesat a joint venture to provide a national satellite based free to view digital service the failure to disclose the contribution of the licence fee payer is held to be unreasonable The Committee would like greater clarity about who speaks for the BBC the Trust or Executive Future responses should make clear where accountability lies for particular issues and the BBC should take a more constructive approach to responding to Parliamentary scrutiny **Radio News** ,1927 Some issues 1943 July 1948 include separately paged and numbered section called Radio electronic engineering edition called Radionics edition in 1943 *London Calling* ,1947 *The Listener and BBC Television Review* ,1962 **The Listener** ,1930 *Musical News* ,1923 **European Access** ,2001 **TV World** ,1998-06 International business magazine for television **The Wireless World and Radio Review** ,1926 *Wireless World and Radio Review* ,1929 **Radio & TV News** ,1923 Some issues Aug 1943 Apr 1954 are called Radio electronic engineering ed called in 1943 Radionics ed which include a separately paged section Radio electronic engineering varies v 1 no 2 v 22 no 7 issued separately Aug 1954 May 1955 *The Illustrated London News* ,1927 **The Economist** ,2003 **Parliamentary Debates (Hansard)**.
