Big Cats Sabine Wood,2021-03-05 Lions leopards and jaguars are closely related while the snow leopard and tiger are sister species Despite enormous differences in size these various species of big cats are all fairly similar in both structure and behaviors Only the cheetah not technically a big cat is significantly different The only large cats that roar are the big four comprising lions tigers jaguars and leopards Although still termed as big cats the other species don t have the capability to make such impressive statements Habitats for these impressive carnivores vary from Asia Africa and Iran to North and South America and Europe The main threat to their existence is man due to poaching and the destruction of natural habitats and across much of the globe these beautiful creatures are protected through conservation This is especially true of the Masai Mara in Kenya and Tanzania s Serengeti which host huge populations of lions leopards and cheetahs Significant measures have been implemented by the likes of the Captive Wildlife Safety Act CWSA and the World Wildlife Fund WWF to protect these species and any hybrid species that occur through big cat breeding to further deter black market activities This book takes a look at all the big cats and uncovers their secrets from habitats to anatomy feeding and long term survival to rearing their young and everything in between

Zimbabwe Paul Murray, 2025-09-19. The new fifth edition of Bradt's Zimbabwe remains the only detailed standalone guide from a major publisher to cover one of the premier safari and cultural destinations in southern Africa. Best known for the Victoria Falls which leaves visitors awed by the world's largest curtain of falling water, Zimbabwe offers manifold other experiences for the intrepid traveller from evocative wildlife to fascinating arts, jaw dropping landscapes to astonishing World Heritage sites. Soak up the laid back atmosphere of the capital, Harare, with its bustling arts scene and trendy restaurants, or head to the mighty Zambezi River for fast flowing adventure. Visit national parks that offer a variety of wildlife encounters, enjoy canoe based game viewing at Mana Pools where African painted dog is a highlight, or remote camping beside rare nyala antelope in the wilderness of Gonarezhou. Capitalise on the exciting revival of Matusadona which boasts one of Africa's highest densities of leopard, or combine watching white and black rhinos with admiring the world's greatest concentration of ancient hunter gatherer rock art at Matobo Hills. History buffs will marvel at Zimbabwe's plethora of historical and cultural sites, most famously the World Heritage listed stone built ancient cities of Great Zimbabwe and Khami, the latter once controlling a lucrative international trading empire. Birdwatchers meanwhile will delight in a trove of avian encounters, notably in Bunga's lush forests, one of Zimbabwe's best kept secrets. With increased business confidence in Zimbabwe, scores of new hotels and lodges have opened; the country's national parks have been rejuvenated; its two main airports upgraded; and major roads improved. Accommodation options comprise everything from luxury safari camps to budget stays for travellers who arrive overland, plus suggested pit stops to break up journeys. Written by a former resident of Zimbabwe, thoroughly updated by two seasoned adventurers and with a foreword by explorer Sir Ranulph Fiennes, Bradt's Zimbabwe remains an ideal companion for everyone from wildlife enthusiasts to adventure seekers and hikers, whether travelling independently or on an organised tour. New for this edition are a 64 page full colour wildlife guide plus expanded coverage of Zambezi National Park, Matobo Hills and the surroundings of Harare and Bulawayo.
