## INTRODUCTION

The exhibition *The African American Odyssey: A Quest for Full Citizenship*, showcases the incomparable African American collections of the Library of Congress. Displaying more than 240 items, including books, government documents, manuscripts, maps, musical scores, plays, films, and recordings, this is the largest black history exhibit ever held at the Library, and the first exhibition of any kind to feature presentations in all three of the Library's buildings.

The major presentation in the Jefferson Building, *The African American Odyssey: A Quest for Full Citizenship*, explores black America's quest for equality from the early national period through the twentieth century. The Library's materials, gathered over the two hundred years of its existence, tell the story of the African American experience through nine chronological periods that document the courage and determination of blacks, faced with adverse circumstances, who overcame immense odds to fully participate in all aspects of American society. The exhibit includes the work of abolitionists in the first half of the nineteenth century, depictions of the long journey following the Civil War towards equality in employment, education and politics, strategies used to secure the vote, recognition of outstanding black leaders, and the contributions of sports figures, black soldiers, artists, actors, writers and others in the fight against segregation and discrimination.

*An American Odyssey* Mary Schmidt Campbell, 2018-08-06 By the time of his death in 1988 Romare Bearden was most widely celebrated for his large scale public murals and collages which were reproduced in such places as Time and Esquire to symbolize and evoke the black experience in America As Mary Schmidt Campbell shows us in this definitive defining and immersive biography the relationship between art and race was central to his life and work a constant driving creative tension Bearden started as a cartoonist during his college years but in the later 1930s turned to painting and became part of a community of artists supported by the WPA As his reputation grew he perfected his skills studying the European masters and analyzing and breaking down their techniques finding new ways of applying them to the America he knew one in which the struggle for civil rights became all absorbing By the time of the March on Washington in 1963 he had begun to experiment with the Projections as he called his major collages in which he tried to capture the full spectrum of the black experience from the grind of daily life to broader visions and aspirations Campbell's book offers a full and vibrant account of Bearden's life his years in Harlem his studio was above the Apollo theater to his travels and commissions along with illuminating analysis of his work and artistic career Campbell who met Bearden in the 1970s was among the first to compile a catalogue of his works *An American Odyssey* goes far beyond that offering a living portrait of an artist and the impact he made upon the world he sought both to recreate and celebrate
