December 18, 2000, marks the day, I was gifted with life and the with the opportunity to leave my mark on society and with this, the desire to become a doctor did nothing but bloom. Growing up, I've always been fascinated with the wonders of life, and furthermore, science. Simple things, such as dressing a cut, or medication and lifestyle choices in order to battle illnesses interested me, to studying cells and different organisms.

I personally have never been a sickly child growing up, however I knew and was around many persons with a variety of ailments, so that is a factor in my drive to take on the profession of a doctor. A lot of deaths around me were due to sickness, and that has always left me wishing I could one day, help persons in those same situations, have a better end result. I've understood that my dad has had various illnesses. He's had a hole in his heart which had him in the hospital for a long while. Afterwards, there was another situation, in which he got extremely sick and was on the brink of death he had a near death experience, and the main cause of that still remains unknown. It's situations like this that has driven me to take on this journey towards indulging in a profession the medical field.

From a time, I can remember, I've always dreamed of becoming a doctor, and not once, through traversing infant, primary and high school, has that ever wavered or changed; it has only grown and evolved. I remember when I was very young, and asked what I wanted to become, and my only reply was "a doctor," and even afterwards when I've been asked that question, the answer, even varied, has remained the same. When I matriculated to high school, in my years from grade 7-9, the work I put in was solely to get a spot in the 10 science and technology core group, and beyond, and I was successful in doing so and doing my courses in that field right up until 6<sup>th</sup> form. In doing this course, my fascination in the sciences flourished, in participation in numerous experimental exercises. The Herbert Morrison Technical High School has gifted me with a vast area of knowledge that has helped me thus far in achieving my goal, and I am interested in your institution as I know I will be able to do greater development and achieve my goal there. The desire to pursue the medical profession has become potent need that I feel designated to fulfill, and that desire increases daily, hence it is something I'm determined to achieve one way or the other.

**Autobiographical Sketches** Annie Besant, 2022-09-16 Annie Besant's *Autobiographical Sketches* presents a profound introspection into her life weaving together personal anecdotes, philosophical reflections, and a keen commentary on the socio-political climate of the late 19th and early 20th centuries. Through a candid narrative style, Besant articulates her journey from a traditional Victorian upbringing to becoming a fervent advocate for social reform and women's rights. Her prose is imbued with a sense of urgency as she deftly positions her struggles within the larger movements of the time, reflecting a literary context replete with emerging modernist sentiments and the quest for spiritual enlightenment through theosophy. An influential social activist and a prominent figure in the Theosophical Society, Besant's diverse experiences ranging from her early work as a lecturer to her involvement in India's independence movement shaped her worldview. Her life was characterized by an unyielding commitment to activism, and her intellectual pursuits often drew from her personal hardships, allowing her to resonate deeply with both contemporary and future generations. Her estrangement from conventional norms empowered her to break barriers and advocate for the marginalized. This compelling collection is indispensable for readers interested in the intersection of biography, philosophy, and social justice. Besant's reflections not only reveal the intricacies of her personal evolution but also enlighten readers on the historical forces at play during her lifetime. *Autobiographical Sketches* is a crucial work for anyone seeking inspiration from a pioneering female voice who navigated and challenged the societal constraints of her era.

**Autobiographical Sketches and Personal Recollections** George Thorndike Angell, 1884

**Autobiographical Sketches** Vasilii Vasil'evich Vereshchagin, 1887      Legends August Strindberg, 1912      Nil Desperandum Geo T. Angell, 2018-01-14 Excerpt from *Nil Desperandum* The Writer's Motto Adopted in Youth A little boy sat in front of his father and held the reins that controlled a restive horse. Unknown to the boy, the reins passed around him and were also in his father's hands. He saw an occasion to pull them. With artless simplicity the child looked around saying, "father, I thought I was driving, but I am not, am I?" Thus it is often with men who think they are shaping a destiny which a higher hand than theirs is really directing. They do their own will because it is also the will of God. A stronger hand guides them; a mightier power holds the helm of their vessel and saves from rock and wreck. Happy are they who yield to the guidance of the Almighty hand.
