Effective Project Scoping Practices to Improve On-time and On-budget Delivery of Highway Budgets Stuart Anderson, Cesar Quiroga, John Overman, Kunhee Choi, Jayant Sahu, Sharareh Kermanshachi, Paul Goodrum, Timothy Taylor, Ying Li, 2016 This guidebook demonstrates how a state transportation agency STA can improve its project scoping process PSP and practices to produce a project cost estimate and schedule that facilitate programming, decision making and accountability. It illustrates the effort needed to develop a robust cost estimate and then manage to a

baseline budget and scope throughout the project delivery cycle. The guidebook consists of two parts. Part 1 Research Results about the PSP addresses the following issues why STAs should formalize the PSP current practices for PSP and how agencies can implement an effective PSP. Part 2 Implementation Guidelines provides an easy to understand layout and describes how to implement the PSP. The guidelines are divided into three sections. Each section details one of the three major activities of the PSP: develop the project, analyze the alternatives and document findings and develop the recommended alternative. The guidelines also have two appendices. The first appendix summarizes the tools that can be used while performing different activities in the scope development process. The second appendix is the list of online links to various resources and tools to support the PSP as referenced in this guidebook. Among the large number of submissions that we received these 14 papers represent some of the best published in 2023 the year when the journal attained its first impact factor. With many high quality papers to consider in selecting these 14 articles we faced the challenging task of how to include papers from across the 15 distinct sections of the journal whilst at the same time achieving a sense of cohesion to the ebook overall. However amidst this diversity we noticed a convergence in our highest quality papers around three pivotal themes that are central to our journal's mission: resilience, sustainability, and technology. In this way despite the broad range of topics covered within both our journal and this selection this ebook can truly be considered representative of our journal as a whole. These carefully chosen papers encompass high quality original research and comprehensive reviews which also embody the ethos of innovation and excellence that defines our journal. As the Field Chief Editor I am thankful to all authors who have enriched our journal with their high caliber work.
