It was the first book to boldly ask, "What makes a winner?" The man who asked and listened for the answer, Napoleon Hill, is now counted in the top ranks of the world's winners himself. The most famous of all teachers of success spent a fortune and the better part of a lifetime of effort to produce the Law of Success philosophy that forms the basis of his books and that is so powerfully summarized in this one. In the original *Think and Grow Rich* published in 1937, Hill draws on stories of Andrew Carnegie, Thomas Edison, Henry Ford, and other millionaires of his generation to illustrate his principles. In the updated version, Arthur R. Pell, Ph.D., a nationally known author, lecturer, and consultant in human resources management and an expert in applying Hill's thought, deftly interweaves anecdotes of how contemporary millionaires and billionaires such as Bill Gates, Mary Kay Ash, Dave Thomas, and Sir John Templeton achieved their wealth. Outmoded or arcane terminology and examples are faithfully refreshed to preclude any stumbling blocks to a new generation of readers. **Think and Grow Rich** Napoleon Hill, Mitch Horowitz, 2015-09-15. *The World's Greatest Book on Successful Living*. In a Special Compact Edition. Here is the complete experience of *Think and Grow Rich* in an exquisitely brief and faithful condensation. In forty minutes, you will learn all thirteen of Napoleon Hill's famous steps to wealth and achievement. This masterly summation of Hill's original landmark explains: Why you must write down your goals. The immeasurable importance of a definite major aim. How to benefit from hunches and sudden inspirations. The magic of persistence in the face of setbacks. How to program your mind for success. The extraordinary power of a Master Mind group. Abridged and introduced by PEN Award-winning historian Mitch Horowitz, this concise rendition of Hill's masterwork is both the perfect introduction to *Think and Grow Rich* and a great refresher for those who already know the book and its powers. **Think and Grow Rich - Napoleon Hill's Thirteen Steps Toward Riches** Napoleon Hill, 2015-02-11. The inspiration for the bestselling self-help book *The Secret*, Napoleon Hill started it all. From the Author's Preface: Long before I was born, the secret had found its way into the possession of Thomas A. Edison, and he used it so intelligently that he became the world's leading inventor, although he had but three months of schooling. The secret was passed on to a business associate of Mr. Edison. He used it so effectively that although he was then making only 12,000 a year, he accumulated a great fortune and retired from active business while still a young man. You will find his story at the beginning of the first chapter. It should convince you that riches are not beyond your reach, that you can still be what you wish.
