## Les Cowboys Du Sexas Buffalo Bill:

Les travailleurs de la frontière Michel Oriano, 1980-01-01T00:00:00+01:00 Cet ouvrage est une rédition numérique d'un livre paru au XXe siècle désormais indisponible dans son format d'origine **Correspondance de Rome**, 1890 Frederic Remington Peter H. Hassrick, 2016-05-31 One of America's most popular and influential American artists Frederic Remington 1861-1909 is renowned for his depictions of the Old West. Through paintings, drawings, and sculptures, he immortalized a dynamic world of cowboys and American Indians, hunters and horses, landscapes and wildlife. Frederic Remington A Catalogue Raisonné II is a comprehensive presentation of the artist's body of flat work, both in print and on this book's companion website. Beautifully illustrated with more than 150 figures and 100 color plates, this book offers insightful essays by notable art historians who explore Remington's experiences in Taos, New Mexico, and other parts of the West. The chapters include analyses of Remington's artistic development from an illustrator to a fine art painter, his search for and understanding of men with the bark on his relationship with the famed illustrator Howard Pyle and the shared imagery of Remington and Buffalo Bill Cody. A chapter considering Remington's enduring bond with the horse and its representation in his paintings follows, an examination of Remington's ties to Theodore Roosevelt that reveals how the two men helped move the American conscience toward wildlife preservation. An assessment of the authentication process for evaluating Remington's works opens the collection. Remington is perhaps the most frequently faked American artist. The book features a unique keycode granting access to a companion website that brings together more than 3,000 reproductions of the artist's flat works, including the complete original 1996 edition of the Catalogue Raisonné and nearly 300 previously unknown or relocated pieces. Each entry includes the title, date, medium, size, inscriptions, provenance, and exhibition and publication history of the work, as well as select commentary. The online catalogue is fully searchable and will be continuously updated as new information becomes available. Based on decades of scholarship and research, the revised Remington Catalogue Raisonné is an essential resource for scholars, collectors, museum curators, historians of the American West, and anyone seeking definitive information on the art of Frederic Remington. Frederic Remington A Catalogue Raisonné II is published in cooperation with the Buffalo Bill Center of the West, Cody, Wyoming. **Tropical Cowboys** Ch. Didier Gondola, 2016-04-10 An innovative and original study that sheds light on masculinity, youth culture, performative violence, and the circuit of global imagery. Stephan F. Miescher, author of *Making Men in Ghana*. During the 1950s and 60s, in the Congo city of Kinshasa, there emerged young urban male gangs known as Bills or Yankees. Modeling themselves on the images of the iconic American cowboy from Hollywood film, the Bills sought to negotiate lives lived under oppressive economic, social, and political conditions. They developed their own style, subculture, and slang, and as Ch. Didier Gondola shows, engaged in a quest for manhood through bodybuilding, marijuana, violent sexual behavior, and other transgressive acts. Gondola argues that this street culture became a backdrop for Congo Zaire's emergence as an independent nation and continues to exert powerful influence on the country's

urban youth culture today Aligns social banditry with popular cultural formations and subcultures This has been a longstanding feature of Didier Gondola's scholarship that is of great interest Peter J Bloom University of California Santa Barbara Its approach in terms of poverty and unemployment combined with a subtle interest in performance and the creation of an original culture makes this book an eye opener Both the dramatic subject and the author's vivid style make it a pleasure to read and also food for thought regarding issues that haunt not only Africa but also the world at large American Historical Review
