Tables Bill Handley, 2012-02-01 Bill Handley is well known for making maths fun. The first edition of *Teach Your Children Tables* challenged over 20,000 readers, and Bill has been inundated with letters of thanks since from parents whose children have quickly become proficient in maths and problem solving. This not only pleases their teachers but does wonders for a child's self-esteem. In this new fully revised edition, rewritten for clearer understanding, Bill expands the sections on explaining multiplication to young children, on problem solving, and the correlation between the multiplication method and subtraction. **Fast Easy Way to Learn a Language** Bill Handley, 2012-02-02

Fast Easy Way to Learn a Language is essential reading for anyone studying a language at school, for business travel, or just for pleasure. Well-known inspirational teacher Bill Handley speaks 15 languages at various degrees of fluency. He is passionate about learning languages and believes language learning should be an adventure. In this book he explains how to have fun building your vocabulary in record time, the easy way to get to grips with grammar, why you should use more than one textbook, how to use your lost time to learn faster, what to do when you feel like giving up, how to write your own survival skills course. *Fast Easy Way to Learn a Language* will have you speaking your new language in no time. The book explores all the important topics: active and passive learning, mastering a different alphabet, using recorded material, planning your own immersion program, making effective use of the internet, and much more. It includes special advice for school and university students. This is the fun way to learn a language. **Speed Learning for Kids** Bill Handley, 2012-10-22

Proven strategies to help kids learn faster and better from bestselling author Bill Handley. Kids who succeed at school aren't necessarily smarter than other kids. Often they're simply better at learning. *Speed Learning for Kids* helps you teach your child how to thrive at school by learning more in less time with less effort. The brain training techniques in this book will enable kids to not just learn faster but enjoy their learning, memorise as they go, and absorb as much in ten minutes as they normally would in two hours of study. How is it possible? These nontraditional techniques aren't mysterious; they're just not often taught. Any child can learn how to learn, and the results really matter: with improved concentration, better short and long term memory, more creative thinking, and better reading comprehension skills. Includes study techniques that replace rote learning to achieve better test results on everything.
