**The Brothers War (Classic Reprint)** John C. Reed, 2015-07-12 Excerpt from The Brothers War I would explain the real causes and greater consequences of the bloody brothers war I pray that all of us be delivered as far as may be from bias and prejudice The return of old affection between the sections showed gracious beginning in the centennial year In the war with Spain southerners rallied to the stars and stripes as enthusiastically as northerners Reconciliation has accelerated its pace every hour since But it is not yet complete The south has these things to learn 1 A providence protecting the American union hallucinated Garrison Wendell Phillips Mrs Stowe Sumner and other radical abolitionists as to the negro and the effect of southern slavery upon him its purpose being to destroy slavery because it was the sine qua non of southern nationalization the only serious menace ever made to that union This nationalization was stirring strongly before the federal constitution was adopted The abolitionists as is the case with all forerunners of great occurrences were trained and educated by the powers directing evolution and they were constrained to do not their own will but that of these mighty powers About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Eagles and Empire** David A. Clary, 2009-07-28 A war that started under questionable pretexts A president who is convinced of his country's might and right A military and political stalemate with United States troops occupying a foreign land against a stubborn and deadly insurgency The time is the 1840s The enemy is Mexico And the war is one of the least known and most important in both Mexican and United States history a war that really began much earlier and whose consequences still echo today Acclaimed historian David A Clary presents this epic struggle for a continent for the first time from both sides using original Mexican and North American sources To Mexico the yanqui illegals pouring into her territories of Texas and California threatened Mexican sovereignty and security To North Americans they manifested their destiny to rule the continent Two nations each raising an eagle as her standard blustered and blundered into a war because no one on either side was brave enough to resist the march into it In Eagles and Empire Clary draws vivid portraits of the period's most fascinating characters from the cold-eyed stubborn United States president James K Polk to Mexico's flamboyant and corrupt general president dictator Antonio Lopez de Santa Anna from the legendary and ruthless explorer John Charles Fremont and his guide Kit Carson to the Angel of Monterey and the Boy Heroes of Chapultepec from future presidents such as Benito Juarez and Zachary Taylor to soldiers who became famous in both the Mexican and North American civil wars that soon followed

Here also are the Irish Soldiers of Mexico and the Yankee sailors of two squadrons hero bandits and fighting Indians of both nations guerrilleros and Texas Rangers and some amazing women soldiers From the fall of the Alamo and harrowing marches of thousands of miles in the wilderness to the bloody dramatic conquest of Mexico City and the insurgency that continued to resist this is a riveting narrative history that weaves together events on the front lines where Indian raids guerrilla attacks and atrocities were matched by stunning acts of heroism and sacrifice with battles on two home fronts political backstabbing civil uprisings and battle lines between Union and Confederacy and Mexican Federalists and Centralists already being drawn The definitive account of a defining war Eagles and Empire is page turning history a book not to be missed
