Current Critical Debates in the Field of Transsexual Studies Oren Gozlan, 2018-03-13 Current Critical Debates in the Field of Transsexual Studies introduces new thinking on non conforming gender representation addressing transsexuality as a subjective experience that highlights universal dilemmas related to how we conceive identity and exploring universal questions related to gender its objects objections and obstacles This book seeks to disassemble prejudicial orientations to the challenges and the everydayness of transsexuality and build new understanding and responses to issues including medical biases the problem of authenticity and the agency of the child Oren Gozlen leads an examination of three central pressures transformation of a medical model the social experience of becoming transgender and the question of self representation through popular culture The chapters reframe several contemporary dilemmas such as authenticity pathology normativity creativity the place of the clinic as a problem of authority the unpredictability of sexuality the struggle with limits of knowledge a demand for intelligibility and desire for certainty The contributors consider sociocultural theoretical therapeutic and legal approaches to transsexuality that reveal its inherent instability and fluidity both as concept and as experience They place transsexuality in tension and transition as a concept as a subject position and as a subjectivity The book also reflects the way in which political and cultural change affects self and other representations of the transsexual person and their others asking how does the subject metabolize the anxieties that relate to these transformations and facilitations How can the subject respond in contexts of hostility and prohibition Offering a much needed interdisciplinary exploration Current Critical Debates in the Field of Transsexual Studies will appeal to psychoanalysts and psychotherapist as well as psychologists and scholars of gender studies cultural studies and sociology

Transgender Psychoanalysis Patricia Gherovici, 2017-07-14 Drawing on the author's clinical work with gender variant patients Transgender Psychoanalysis A Lacanian Perspective on Sexual Difference argues for a depathologizing of the transgender experience while offering an original analysis of sexual difference We are living in a trans moment that has become the next civil rights frontier By unfixing our notions of gender sex and sexual identity challenging normativity and essentialisms trans modalities of embodiment can help reorient psychoanalytic practice This book addresses sexual identity and sexuality by articulating new ideas on the complex relationship of the body to the psyche the precariousness of gender the instability of the male female opposition identity construction uncertainties about sexual choice in short the conundrum of sexual difference Transgender Psychoanalysis features explications of Lacanian psychoanalysis along with considerations on sex and gender in the form of clinical vignettes from Patricia Gherovici's practice as a psychoanalyst The book engages with popular culture and psychoanalytic literature including Jacques Lacan's treatments of two transgender patients and implements close readings uncovering a new ethics of sexual difference These explorations have important implications not just for clinicians in psychoanalysis and mental health practitioners but also for transgender theorists and activists transgender people and

professionals in the trans field Transgender Psychoanalysis promises to enrich ongoing discourses on gender sexuality and identity **Emergent Identities** Rob Cover,2018-09-13 Examining the emergence of new sexual and gender identities in the context of an ever changing digital landscape Emergent Identities considers how traditional binary understandings of sexuality and gender are being challenged and overridden by a taxonomy of non binary fluid classifications and descriptors In this comprehensive account of the ongoing shift in our understandings of gender and sexuality Cover explores how and why traditional masculine feminine and hetero homo dichotomies are quickly being replaced with identity labels such as heteroflexible bigender non binary asexual sapiosexual demisexual ciswoman and transcurious Drawing on real world data Cover considers how new ways of perceiving relationships attraction and desire are contesting authorised institutional knowledge on gender and sexuality The book explores the role that digital communication practices have played in these developments and considers the implications of these new approaches for identity individuality creativity media healthcare and social belonging A timely response to recent developments in the field of gender identity this will be a fascinating read for students of Psychology Gender Studies Media and Cultural Studies and related areas as well as professionals in this field

Introducing Intersectionality Mary Romero,2024-12-03 How can we hope to understand social inequality without considering race class and gender in tandem How do they interact with other categories such as sexuality citizenship and ableism How does an inclusive analysis of domination and privilege move us closer to solutions touching the lives of diverse populations In this updated edition of her popular introduction Mary Romero presents intersectionality as a core facet of the sociological imagination One dimensional approaches are no longer acceptable we must examine all systems of oppression simultaneously and how they integrate and work with or against each other to shape life experiences Recognizing the dynamics of patriarchy capitalism and white supremacy Romero shows how social inequality is maintained or minimized in various social settings and interactions The new edition is updated with the latest literature and theoretical insights as well as addressing contemporary political issues and conservative backlash from immigrant detention and abortion restrictions to attacks on Critical Race Theory Offering an overview of scholarly and activist tradition in the development of intersectionality as a lens to enrich our understandings of social life this introductory text will be an invaluable and welcome resource for all students of sociology
