Netflix and the Re-invention of Television Mareike Jenner, 2023-09-09 This book deals with the ways Netflix influenced the contemporary television landscape and built the infrastructures of streaming. It focusses on various ways Netflix reconceptualises television as part of the process of TV IV. As television continues to undergo a myriad of changes, Netflix has proven itself to be the dominant force in this development, simultaneously driving a number of these changes and challenging television's existing institutional structures. This comprehensive study explores the pre history of Netflix, the role of binge watching in its organisation and marketing, and Netflix's position as a transnational broadcaster. Netflix and the Re invention of Television illuminates the importance of Netflix's role within the processes of TV IV. This Second Edition highlights the role Netflix plays in the so called streaming wars and incorporates recent research in television studies. It also re evaluates the company's incorporation of issues of diversity in its focus on middlebrow television. The book also includes a new chapter on the transnational streaming franchise networks of texts developed internal to platforms to build infrastructures of transnational streaming.

Modern Love Daniel Jones, 2019-10-17 A joyful collection of the most popular provocative and unforgettable essays from the New York Times Modern Love column featuring stories from the upcoming anthology series starring Tina Fey, Andy Garcia, Anne Hathaway, Catherine Keener, Dev Patel, and John Slattery. A young woman goes through the five stages of ghosting, grief. A man's promising fourth date ends in the emergency room. A female lawyer with bipolar disorder experiences the highs and lows of dating. A widower hesitates about introducing his children to his new girlfriend. A divorcee in her seventies looks back at the beauty and rubble of past relationships. These are just a few of the people who tell their stories in Modern Love, featuring dozens of the most memorable essays to run in the New York Times Modern Love column since its debut in 2004. Some of the stories are unconventional, while others hit close to home. Some reveal the way technology has changed dating forever, others explore the timeless struggles experienced by anyone who has ever searched for love. But all of the stories are above everything else, honest. Together they tell the larger story of how relationships begin, often fail, and when we're lucky, endure. This is the perfect book for anyone who's loved, lost, stalked an ex on social media, or pined for true romance. In other words, anyone interested in the endlessly complicated workings of the human heart.
