Watching Women Sarah Kornfield, 2025-04-21 The women on television series are spectacularly feminine They are the most beautiful doctors lawyers detectives scientists queens fashion writers moms Victorian ladies and witches ever seen Focusing on series that celebrate empowered women from mainstay crime dramas such as *Bones* 2005 2017 and *The Rookie* *Feds* 2022 2023 to teen dramas with series such as *Sex Education* 2019 2023 and *Charmed* 2018 2022 to romance series such as *Bridgerton* 2020 this book analyzes the onscreen portrayals of femme femininity and feminism Specifically this book maps the televisual trends that objectify femininity and those that visualize femininity as subject working to demonstrate how televisual style constructs femininity through its onscreen portrayals **Handbook on Digital Business Ecosystems**

Baumann, Sabine, 2022-04-22 This timely Handbook on Digital Business Ecosystems provides a comprehensive overview of current research and industrial applications as well as suggestions for future developments Multi disciplinary in scope the Handbook includes rigorously researched contributions from over 80 global expert authors from a variety of areas including administration and management economics computer science industrial engineering and media and communication **King**

of the Animals Josh Russell, 2021-03-03 The forty seven components of Josh Russell s engrossing *King of the Animals* are always entertaining never less than mischievous constantly surprising and stunningly well expressed Yes they are stories vignettes parables moral tales but none of those descriptions do them full justice Let s just say that Russell is the master of short form fiction in all its limitless variety Jim Crace With *King of the Animals* Josh Russell affirms his status as one of our most shrewdly capable writers Mortality and transformation being a child and being a parent the lifelong process that is growing up these are but some of the aspects of American life toward which Russell in stories that vary richly one from the other except in never ending up where you expect them to aims his telescope Tenderhearted funny and gorgeously written David Leavitt A teenager and his family seek asylum in an Atlanta IKEA after their split level is burned down because his father made fun of an autocrat s bad grammar A man remembers how seeing a snapshot of his sister naked changed his life and hers too A talking doll fails her spelling test and a king made of sugar and flour watches Fox News and smokes dope with the neighbor kid The Chicago Tribune praised Josh Russell s fiction for virtuoso storytelling evocative prose and original conception and in *King of the Animals* he entwines the extraordinary with the commonplace leaving us to wonder why we ever thought them separate **Disillusioned** Benjamin Herold, 2024-01-23 Astonishingly important Alex Kotlowitz The Atlantic Through the stories of five American families a masterful and timely exploration of how hope history and racial denial collide in the suburbs and their schools Outside Atlanta a middle class Black family faces off with a school system seemingly bent on punishing their teenage son North of Dallas a conservative white family relocates to an affluent suburban enclave but can t escape the changes sweeping the country On Chicago s North Shore a multiracial mom joins an

ultraprogressive challenge to the town s liberal status quo In Compton California whose suburban roots are now barely

recognizable undocumented Hispanic parents place their gifted son's future in the hands of educators at a remarkable elementary school. And outside Pittsburgh a Black mother moves to the same street where author Benjamin Herold grew up then confronts the destructive legacy left behind by white families like his. *Disillusioned braids* these human stories together with penetrating local and national history to reveal a vicious cycle undermining the dreams upon which American suburbia was built. For generations upwardly mobile white families have extracted opportunity from the nation's heavily subsidized suburbs then moved on before the bills for maintenance and repair came due leaving the mostly Black and Brown families who followed to clean up the ensuing mess. But now sweeping demographic shifts and the dawning realization that endless expansion is no longer feasible are disrupting this pattern forcing everyday families to confront a truth their communities were designed to avoid. The suburban lifestyle dream is a Ponzi scheme whose unraveling threatens us all. How do we come to terms with this troubled history? How do we build a future in which all children can thrive? Drawing upon his decorated career as an education journalist Herold explores these pressing debates with expertise and perspective. Then alongside Bethany Smith the mother from his old neighborhood who contributes a powerful epilogue to the book he offers a hopeful path toward renewal. The result is nothing short of a journalistic masterpiece.
