Screening Queer Memory Anamarija Horvat, 2021-04-22 In Screening Queer Memory Anamarija Horvat examines how LGBTQ history has been represented on screen and interrogates the specificity of queer memory She poses several questions How are the pasts of LGBTQ people and communities visualised and commemorated on screen How do these representations comment on the influence of film and television on the construction of queer memory How do they present the passage of memory from one generation of LGBTQ people to another Finally which narratives of the queer past particularly of the activist past are being commemorated and which obscured Horvat exemplifies how contemporary British and American cinema and television

have commented on the specificity of queer memory how they have reflected aspects of its construction as well as participated in its creation In doing so she adds to an under examined area of queer film and television research which has privileged concepts of nostalgia history temporality and the archive over memory Films and television shows explored include Cheryl Dunye's *The Watermelon Woman* 1996 Todd Haynes *Velvet Goldmine* 1998 Joey Soloway's *Transparent* 2014 2019 Matthew Warchus *Pride* 2014 and Tom Rob Smith's *London Spy* 2015

Data and Analytics Strategy for Business Simon Asplen-Taylor, 2022-06-03 For many organizations data is a by product but for the smarter ones it is the heartbeat of their business Most businesses have a wealth of data buried in their systems which if used effectively could increase revenue reduce costs and risk and improve customer satisfaction and employee experience Beginning with how to choose projects which reflect your organization's goals and how to make the business case for investing in data this book then takes the reader through the five waves of organizational data maturity It takes the reader from getting started on the data journey with some quick wins to how data can help your business become a leading innovator which systematically outperforms competitors Data and Analytics Strategy for Business outlines how to build consistent high quality sources of data which will create business value and explores how automation AI and machine learning can improve performance and decision making Filled with real world examples and case studies this book is a stage by stage guide to designing and implementing a results driven data strategy
