The Anatomy of Book of Mormon Theology, Volume Two Joseph M. Spencer, 2021-11-16 Few scholars of the Book of Mormon have read this volume of scripture as closely and rigorously as Joseph M Spencer And of those none have devoted as much time and effort as he to a theological reading of that sacred text that is as Spencer writes how it might shape responsible thinking about questions pertaining to the life of religious commitment p 1 173 The Anatomy of Book of Mormon Theology divides into two volumes exploring and thinking about these pertinent questions Whereas the first volume principally contains essays that deal with relatively traditional theological questions and concerns the essays in this volume ask about what new worlds might be discovered in doing theological work on the Book of Mormon focusing on what Spencer calls microscopic and macroscopic theological readings of the text Essays in the first set examine no more than a verse of the Book of Mormon more often just a single phrase or two to see what theological implications lie within the details of the text The second set of essays ask questions about the shape and intentions of the whole of the Book of Mormon as this can be discerned through the ways it deploys biblical texts and especially the writings of Isaiah A third set of essays follows the two on microscopic and macroscopic styles of theology and are invitations to blur the boundaries that separate different styles of Book of Mormon scholarship These final essays call on Book of Mormon scholars to move closer to theology and calls on theologians to move closer to the Book of Mormon

### **Biblical And Non-biblical Evidences For The Book Of Mormon**

Joseph Dean DeBarthe, 2018-08-29 What about the Book of Mormon That it is a controversial book cannot be denied Many do not accept it as scripture They believe that Joseph Smith Jr wrote it They also believe that the Bible is the only scripture ever written but nowhere does the Bible make that claim This belief is not biblical In fact just the opposite is true The Bible testifies to the existence of other written scriptures and specifically a second scripture written about the tribe of Joseph Ezekiel 37 19 This Joseph is the same Joseph of the coat of many colors the same Joseph sold into slavery in Egypt and the same Joseph that saved Egypt and all of the tribes of Israel from the seven year famine that occurred Due to his lack of knowledge and education if Joseph Smith Jr had written The Book of Mormon it would have been disproven years ago Instead as time passes more and more of it is proven to be correct Joseph Smith could not have written it for many reasons not the least of which is the fact that he was a barely literate man He knew very little of the scriptures and no Hebrew at all Yet The Book of Mormon is clearly written by highly educated men with a strong background in Hebrew customs and writing techniques none of which were known by any American in the 1800s More information on this subject will be explored within this book This book was begun by direction of the Holy Spirit and written to the entire body of Christ Some might ask why they should read it Some will read it to try to refute it others will read it to learn and still others will use it to further their own agendas However you should read it and pray over it asking God through His Holy Spirit to give you a witness as to its validity We need direction from the Holy Spirit because we are always vulnerable to error Even prophets can be deceived 2

Chronicles Chapter 18 Satan will do anything he can to prevent us from gaining unity in our fight against him For years he has used the divide and conquer plan and we have fallen prey to it It is time we stop fighting over our petty differences and start working together for the salvation of all mankind The harvest is plentiful it is time to bring it in and we can do it With the help of God through His Son Jesus Christ and His Holy Spirit we can accomplish what would otherwise be impossible on our own
