Media Today Fourth Edition is built around four key concepts. A media systems approach allows students to understand the interconnected cultural, political and economic forces that shape media they encounter every day. Unique insights into media trends give students an insider's perspective on how media industries are responding to changes from globalization to social networking. A media literacy goal encourages and builds critical skills to make students more informed and engaged citizens in our media driven society. Completely revised with updated examples, new case studies and new online video resources, the 4th edition of Media Today connects the latest trends, debates and technologies to the history of media, highlighting the impact and meaning of today's changes to the media landscape, especially how traditional industries have blurred together with digital convergence.
