Still-Life as Portrait in Early Modern Italy Ornate, 2025-10-01 Still Life as Portrait in Early Modern Italy centers on the still life compositions created by Evaristo Baschenis and Bartolomeo Bettera two 17th century painters living and working in the Italian city of Bergamo. This highly original study explores how these paintings form a dynamic network in which artworks, musical instruments, books, and scientific apparatuses constitute links to a dazzling range of figures and sources of knowledge. Putting into circulation a wealth of cultural information and ideas and mapping a complex web of social and intellectual relations, these works paint a portrait of both their creators and their patrons while enacting a lively debate among humanist thinkers, aristocrats, politicians, and artists. The unique contribution of this groundbreaking study is that it identifies for the first time these intellectually rich concepts that arise from these fascinating still life paintings, a genre considered as low Engaging with literary blockbusters and banned books, theatrical artifice and music, and staging a war among the arts, Baschenis and Bettera capture the latest social intrigues, political rivalries, intellectual challenges, and scientific innovations of their time. In doing so, they structure an unstable economy of social aesthetic and political values that questions the notion of absolute truth while probing the distinctions between life and artifice, meaningless marks and meaningful signs.

A Beautiful Year Diana Butler Bass, 2025-11-04 One of America's most trusted theologians offers spiritual inspiration for every week of the year. *A Beautiful Year: 52 Meditations on Faith, Wisdom, and Perseverance* offers an essay for every week in the seasons of the Christian year. From Advent and Christmas to Lent and Easter through the entire calendar. Other than its major holidays, many people are not familiar with the rhythms of the church year, an ancient spiritual cycle of time. Yet all religions have such calendars, and they shape our understanding of faith. In the West we live in tension with the secular calendar, mostly an inheritance from the Roman Empire, and the Christian liturgical calendar, a cycle of sacred stories that compose a larger narrative of love, hospitality, mercy, justice, and gratitude. Bass reclaims and presents fresh perspectives for every biblical text in the church year, from musing on *A Wrinkle in Time* in Advent to remembering her father's old-fashioned blue Christmas decorations and offering a revolutionary reading of the Last Supper. With fresh insights on familiar stories, these essays surprise and inspire, challenge and comfort, and will be savored year after year. Beautifully designed, the book is also a perfect gift.
