McKinley, 2023-04-05 In a confused world with moral decay we need clear direction for godly living While the mention of holiness is not commonly heard these days the Psalms call us to cultivate holy lives in today's society The psalmists not only teach us how to grow in holiness but they draw us into their own rich experiences The author explores the Psalms to give us a perspective on the nature of holiness and the many important ways we can grow in holiness The Psalter serves as an invaluable guide for our spiritual formation as followers of Jesus Christ *Enabling Fidelity to God* Jason A. Whitlark, 2008 The primary focus of this book is to demonstrate how Hebrews represents in view of its historical and religious context human fidelity to God Thus the basic thesis is twofold First with regard to the divine human relationship in the ancient Mediterranean world the belief in the reciprocity rationale was one primary dynamic for establishing fidelity to a relationship and has been applied by some scholars such as David deSilva to Hebrews as the way to understand its strategy for creating perseverance A major problem with the application of this dynamic is that a common optimistic anthropological assumption is associated with the various reciprocity systems in the ancient world both Jewish and pagan This assumption is required if

reciprocity is to be effective for establishing ongoing fidelity Second there was however a middle Judaic stream that can be traced from the period of the exile which held to a pessimistic anthropology This anthropological assumption crippled the perceived success of reciprocity to secure fidelity Thus the solution to God s people s inability to remain faithful was an act of God that transformed the human condition and enabled faithfulness to the relationship The argument of this book is that Hebrews with its emphasis upon the inauguration of the new covenant by Jesus high priestly ministry belongs to this latter stream of thought in understanding how fidelity is secured between God and his people Hebrews thus implicitly rejects the rationale of reciprocity for fidelity The implications of this offers a fresh perspective on the soteriology of Hebrews Words of Truth.
