Asylum-Seeking, Migration and Church Susanna Snyder, 2016-04-15 Asylum Seeking Migration and Church addresses one of the most pressing issues confronting contemporary society. How are we to engage with migrants? Drawing on studies of church engagement with asylum seekers in the UK and critical immigration and refugee issues in North America, Snyder presents an extended theological reflection on both the issue of asylum seeking and the fears of established populations surrounding immigration. This book outlines ways in which churches are currently supporting asylum seekers, encouraging closer engagement with people seen as other and more thoughtful responses to newcomers. Creatively exploring biblical and theological traditions surrounding the stranger, Snyder argues that as well as practising a vision of inclusive community, churches would do well to engage with established population fears. Trends in global migration and the dynamics of fear and hostility surrounding immigration are critically and creatively explored throughout the book. Inviting more complex, nuanced responses to asylum seekers and immigrants, this book offers invaluable insights to those interested in Christian ethics, practical theology, social work, mission and faith and social action as well as those working in the field of migration.

Contesting Conversion Matthew Thiessen, 2011-08-11 Matthew Thiessen offers a nuanced and wide ranging study of the nature of Jewish thought on Jewishness, circumcision and conversion. Examining texts from the Hebrew Bible, Second Temple Judaism and early Christianity, he gives a compelling account of the various forms of Judaism from which the early Christian movement arose. Beginning with analysis of the Hebrew Bible, Thiessen argues that there is no evidence that circumcision was considered to be a rite of conversion to Israelite religion. In fact, circumcision, particularly the infant circumcision practiced within Israelite and early Jewish society, excluded from the covenant those not properly descended from Abraham. In the Second Temple period, many Jews began to subscribe to a definition of Jewishness that enabled Gentiles to become Jews. Other Jews, such as the author of *Jubilees*, found this definition problematic, reasserting a strictly genealogical conception of Jewish identity. As a result, some Gentiles who underwent conversion to Judaism in this period faced criticism because of their suspect genealogy. Thiessen's examination of the way in which Jews in the Second Temple period perceived circumcision and conversion allows a deeper understanding of early Christianity. *Contesting Conversion* shows that careful attention to a definition of Jewishness that was based on genealogical descent has crucial implications for understanding the variegated nature of early Christian mission to the Gentiles in the first century C E.

and Hospitality Joshua W. Jipp, 2017 Too few Christians today say Joshua Jipp understand hospitality to strangers and the

marginalized as an essential part of the church's identity. In this book Jipp argues that God's relationship to his people is fundamentally an act of hospitality to strangers and that divine and human hospitality together are thus at the very heart of Christian faith. Jipp first provides a thorough interpretation of the major biblical texts related to the practice of hospitality to strangers, considering especially how these texts portray Christ as the divine host who extends God's welcome to all people. Jipp then invites readers to consider how God's hospitality sets the pattern for human hospitality, offering suggestions on how the practice of welcoming strangers can guide the church in its engagement with current social challenges: immigration, incarceration, racism and more.
