Alienated Affections Leah Leneman, 2019-08-05 Leah Leneman brings vividly to life the marriages and affairs loves and hates tenderness and harshness experienced by men and women whose marriages broke down in this period *Continuity, Influences and Integration in Scottish Legal History* Hector MacQueen, 2021-12-07 David Sellar was a pioneering historian of Scots law who rejected previous interpretations of the subject as a series of false starts and rejected experiments He emphasised instead the continuity of legal development with change a process of integration of external influences from very early times on Sellar s approach articulated mainly through essays published in diverse places over four decades significantly influenced our general understanding of legal history in Scotland as well as leading to appreciation elsewhere of its comparative significance By gathering Sellar s major essays in a single collection this book demonstrates the scope and reach of Sellar s overall contribution It provides an opportunity to view Sellar s work as a whole and to access his distinctive perspective on the overall trajectory of Scottish law *Life at the Margins in Early Modern Scotland* Aaron M. Allen, 2024

An exploration of the diverse lived experiences of marginality in Scottish society from the sixteen to the eighteenth century Throughout the early modern period Scottish society was constructed around an expectation of social conformity people were required to operate within a relatively narrow range of acceptable identities and behaviours Those who did not conform to this idealised standard or who were in some fundamental way different from the prescribed norm were met with suspicion Such individuals often attracted both criticism and discrimination forcing them to live confirmed to the social margins Focusing on a range of marginalised groups including the poor migrants ethnic minorities indentured workers and women the contributors to this book explore what it was like to live at the boundaries of social acceptability what mechanisms were involved in policing the divide between mainstream and marginal and what opportunities existed for personal or collective fulfilment The result is a fresh perspective on early modern Scotland one that not only recovers the stories of people long excluded from historical discussion but also offers a deeper understanding of the ordering assumptions of society more generally Specific topics addressed range from the marginalisation of people with disabilities in the domestic sphere to female sex workers and the place of executioners in society **Law, Lawyers, and Humanism** John W Cairns, 2015-07-27

This collection brings together a selection of the most cited articles published by Professor John W Cairns Essays range from Scots Law from 16th and 17th century Scotland through to the 18th century influence of Dutch Humanism into the 19th century a Alienated Affections Leah Leneman, 1998 Leah Leneman brings vividly to life the marriages and affairs loves and hates tenderness and harshness experienced by men and women whose marriages broke down in this period **Caritas** Katie Barclay, 2021 This book explores caritas the idea of neighbourly love as a key ethic that shaped how early modern people lived loved and thought about the self *The Prisoner of St Kilda* Margaret Macaulay, 2010-06-07 In the 18th century shotgun weddings were not unusual but in most cases it wasn t the bride that was holding the gun So began the stormy

marriage between Lord and Lady Grange a marriage which was to end with Lady Grange's death on the Isle of Skye after 13 years in exile. The daughter of a convicted murderer Lady Grange's behaviour such as her fondness for drink was so outrageous that her sudden disappearance from public life was not considered surprising. But few knew the true story of her disappearance. This book reveals for the first time how the unfortunate lady was violently kidnapped and transported to the remote islands off the west coast of Scotland spending seven years on the island of St Kilda. Condemned to a very different lifestyle than she had enjoyed in Edinburgh and baffled by the strange tongue of the Gaelic West she still obstinately survived finally dying in Skye in 1745. *The Scottish People 1490-1625* MAUREEN M MEIKLE, 2013. The Scottish People 1490-1625 is one of the most comprehensive texts ever written on Scottish History. All geographical areas of Scotland are covered from the Borders through the Lowlands to the Highlands and the Northern Isles. The chapters look at society and the economy, Women and the family, International relations, war, peace and diplomacy, Law and order, the local administration of justice in the localities, Court and country, the politics of government, The Reformation, preludes, persistence and impact, Culture in Renaissance Scotland, education, entertainment, the arts and sciences and Renaissance architecture, the rebuilding of Scotland. In many past general histories there was a relentless focus upon the elite religion and politics. These are key features of any medieval and early modern history books but *The Scottish People* looks at less explored areas of early modern Scottish History such as women, how the law operated, the lives of everyday folk, architecture, popular belief and culture. *A Legal History of Scotland: The nineteenth century* DAVID M. WALKER, 1988. This volume examines the nineteenth century. The modern form of many institutions, doctrines, principles and practices was shaped during the nineteenth century and here Professor Walker traces and analyses the emergence and development of what is in many respects the modern law. The nineteenth century is a period of great interest and steadily accelerating development in every field of Scots law, public, private and criminal. The volume of legislation being produced greatly increased thought the century and areas such as the railways and public health and welfare were the subject of real regulation for the first time. The century also saw closer harmonisation of Scots and English law in the fields of partnership and sale of goods among others. The narrative is illustrated by many fascinating cases, the bankruptcy of Sir Walter Scott, the Burke and Hare murders, the trial of Madeleine Smith and the cases arising out of the fall of the City of Glasgow Bank. These link the development of the law to notorious happenings in Scotland.

*Scottish Life and Society: The Individual and Community Life*, 2000. **The Edinburgh law review**, 2005. **The New Penguin History of Scotland** ROBERT ALLAN HOUSTON, WILLIAM KNOX, NATIONAL MUSEUMS OF SCOTLAND, 2001. Gender in Scottish History offers a new perspective on Scotland's past since around 1700, viewing some of the main themes with a gendered perspective. **Scottish Life and Society: Bibliography for Scottish ethnology**, 2000.

**Lairds and Luxury** Stana Nenadic,2007 This book is a critical account of the social economic and cultural experience of consumption and luxury of the Highlands It looks at all classes and various professions finally looking closely at the Highland gentry during a period of significant change The subject is inspired by a commonly articulated moral criticism of the gentry that they were more luxurious and feckless than similar groups elsewhere and that their conspicuous consumption ultimately ruined the Highland economy and destroyed Highland social relationships The book contains both male and female experiences and expectations using an anthropological approach to uncover the social meaning of the changing material environment that the Highland gentry inhabited their houses their clothing and their possessions An anthropological perspective is also applied to the knowledge practices of the Highland gentry what they knew the processes whereby they came to posses that knowledge through education professional training or life experience and the application of that knowledge to the creation of their culture     *Bibliographic Guide to Womens Studies 1998* New York Public Library
