

# A Philosophical Discourse

*It is natural to feel victimized by philosophy. There is a persistent temptation to turn this subject into something more shallow than it is. It is an extremely difficult subject and no exception to the general rule that creative efforts are rarely successful. I do not feel equal to the problems treated under philosophy. They seem to me to require an order of intelligence wholly different from mine. Others who try to address the questions of philosophy will recognize this feeling.*

## About Me

**NAME:** MICHAEL HANNON **LOCATION:** TORONTO, ONTARIO, CANADA

But someday, in a stronger age than this decaying, self-doubting present, he must yet come to us, the redeeming man, of great love and contempt, the creative spirit whose compelling strength will not let him rest in any aloofness or any beyond, whose isolation is misunderstood by the people as if it were flight from reality - while it is only his absorption, immersion, penetration into reality, so that, when he one day emerges again, into the light, he may bring home the redemption of this reality. The antichrist and the antinihilist; this victor over God and nothingness - he must one day come.

## A Defense of Incompatibilism: The Irreconcilability of Free Will and Determinism

### Abstract

This essay examines our perceived capacity to consciously will certain actions. Several topics are explored, including (but not limited to) conscious will, moral responsibility, and mental causation. I begin by defining the abstract notion of "free will." What follows is an analysis of incompatibilism by way of elementary logic. My thesis is that incompatibilism is the only logical position one can uphold in regard to the free will debate. I then explore the two outcomes this position entails: libertarianism and hard determinism. Here, I intend to provide an expository account of both partial and complete determinism. I shall also refute the compatibilists attempt to reconcile free will with determinism. Throughout my discussion, I highlight our current use of determinism as an explanation of specific types of anomalous behavior. I conclude by addressing the consequences incompatibilism entails concerning the issue of moral responsibility.

### A Defense of Incompatibilism

A leaf was riven from a tree.

"I mean to fall to the earth," said he.

The west wind rising made him veer.

"Eastward," he said, "I now shall steer."
