and that I would go crazy if I thought I was so smart This mix of care and unkindness did not positively nurture the growth of my spirit 4 The definition of love that helped me the most was the will to extend yourself for the purpose of nurturing your own or another s spiritual growth It took me years to let go of the patterns of behavior that negated my capacity to give and receive love

Sexual Orientation and Identity Matthew Andler,2025-03-28 Sexual orientation and how we might understand it is a topic that arouses significant controversy Is sexual orientation a natural or social phenomenon Are categories such as queer and straight essential to the human condition or dependent on contingent cultural practices While such questions have been considered from the perspectives of sociology and gender studies they remain relatively underexplored from a philosophical standpoint In this book Matthew Andler breaks new ground examining the metaphysics of sexuality Distinguishing sexual orientation and sexual identity he asks why only certain aspects of sexuality count as sexual orientations arguing that sexual dispositions can only become sexual orientations in virtue of being related to heteropatriarchal kinship structures He then turns to sexual identity arguing that the categories queer and straight are grounded in the political function of sexuality cultures as resisting and or entrenching heteropatriarchal kinship structures Additionally he critiques capitalist expropriations of queerness in pinkwashing He also argues that trans inclusive interpretations of sexuality categories serve everyone who seeks to build a life outside of the narrow provisions of heteropatriarchal kinship structures *Sexual Orientation and Identity A Philosophical Analysis* will be of interest to those studying the philosophy of gender social metaphysics and gender studies as well as for anyone interested in the conceptual issues underlying debates concerning gender and social justice
