**All Services, All the Time** Doug McDavid,2015-09-16 This book takes the position that organizations such as businesses and government agencies form a special class of living system As such they come into being live through lifecycle stages and can experience organizational health and various forms of organizational illness along the way If the latter is frequent or extended such organizations often die an untimely death A services perspective can go a long way to combat this outcome and assist in maintaining organizational health Allowing this perspective to permeate an organization induces a consideration of its genuine value and leads to a greater understanding of the breadth of stakeholders who are the beneficiaries of it
