Cain José Saramago, 2011-10-04 A winkingly blasphemous retelling of the Old Testament by the Nobel Prize winning author of *The Gospel According to Jesus Christ* *The New Yorker* In Jos Saramago final novel he daringly reimagines the characters and narratives of the Old Testament Placing the despised murderer Cain in the role of protagonist this epic tale ranges from the Garden of Eden when God realizes he has forgotten to give Adam and Eve the gift of speech to the moment when Noah s Ark lands on the dry peak of Ararat Condemned to wander forever after he kills his brother Abel Cain makes his way through the world in the company of a personable donkey He is a witness to and participant in the stories of Isaac and Abraham the destruction of the Tower of Babel Moses and the golden calf and the trials of Job Again and again Cain encounters a God whose actions seem callous cruel and unjust He confronts Him he argues with Him And one thing we know for certain

Saramago writes is that they continued to argue and are arguing still Cain's vagabond journey builds to a stunning climax that like the book itself is a fitting capstone to a remarkable career Publishers Weekly starred review This ebook includes a sample chapter of Jose Saramago's *Blindness* [The Ethics of Public Health, Volumes I and II](#) Michael Freeman, 2018-10-26 With a number of public health panics emerging in the past few years most recently the panic over swine flu in 2009 the publication of this two volume collection is extremely timely These two volumes cover the complete range of issues relating to the ethics of public health Topics include the relationship with bioethics questions of governance public health and human rights surveillance and privacy prevention and its limits confinement and liberty as well as detailed case studies of previous and continuing crises relating to HIV and AIDS SARS bioterrorism climate change avian flu and tobacco control There are sections also on genetic health public health and equity and public health and the developing world The two volumes include nearly 75 articles by leading thinkers and are accompanied by Michael Freeman's detailed introduction and full bibliography
