Let Nature Be Your Teacher Louise Ammentorp, Helen M. Corveleyn, 2024-08-13 *Let Nature Be Your Teacher*

Integrating Nature Based Learning in the Elementary Classroom advocates for a transformative shift in elementary education through incorporating nature based learning into the curriculum. In an era dominated by indoor education and heightened screen time, Louise Ammentorp and Helen M. Corveleyn respond to the urgent need to reconnect children with nature. This book aims to gray the boundary between indoor and outdoor learning, bringing students outdoors as well as bringing nature inside. Supported by a growing body of research in a flourishing movement for nature based learning, this book highlights ways to incorporate authentic experiences across content areas. Each chapter offers vetted lesson and activity ideas that can be adapted to any classroom. *Let Nature Be Your Teacher* aims to inspire educators, parents, and administrators and equip them with the tools and knowledge to prioritize nature based learning, fostering a generation that values and protects our natural world.

A Sense of Wonder Towards Nature

Haydn Washington,2018-08-06 Environmental scientist and writer Haydn Washington argues that we will not solve the environmental crisis unless we change our worldview and ethics and to do so we must rejuvenate our sense of wonder at nature This book focuses on humanity s relation with nature and the sense of wonder and belonging common to indigenous cultures and children everywhere Drawing on events in the author s own four decades working to protect wild places and the current literature on wonder it examines what a sense of wonder is what it has been called in different cultures and our high points of wonder at nature It also looks at the Great Divide in worldview between anthropocentrism and ecocentrism and considers the problem of anthropocentric theory in academia arguing that the focus should instead be on harmony with nature The book concludes with an examination of why wonder has become buried in Western society and considers ways in which it can be revived including rituals and education It also considers how wonder helps humanity to become whole The final chapter presents the road back to wonder and how wonder towards nature can be restored in Western society This book will be of great interest to environmental scientists conservation biologists environmental philosophers and ecological ethicists as well as environmentalists educators eco psychologists and students looking at sustainability deep ecology and
