respective topical areas contributed to the book's 33 chapters including the conceptual foundations and principles of gerontological occupational therapy, bio psychosocial age related changes, environmental forces shaping occupational participation for older adults, the continuum of health care as well as implications for communities and the attributes, ethical responsibilities and roles involved in gerontological occupational therapy. This edition also covers topical OT issues that are crucially important to an aging population such as diversity and inclusion, disability and aging, sexuality, technology, telehealth and virtual environments, intergenerational connections, updates on dementia research and caring for someone with dementia, occupational justice and aging, age inclusive communities and an expanded section on hearing to ensure your students are well versed in every aspect of this key practice area.

**UNIQUE** Intraprofessional and interprofessional approach to intervention emphasizes working holistically and collaboratively in serving older adults.

**UNIQUE** Chapter on the wide range of physiological, musculoskeletal and neurological changes among the aging patient population highlights related occupational performance issues. Case examples help you learn to apply new information to actual client and community situations.

Chapter on evidence based practice discusses how to incorporate evidence into clinical or community settings. Questions at the end of each chapter can be used for discussion or other learning applications.

**UNIQUE** Chapters on nutrition, food insecurity and oral health explore related challenges faced by older adults.

Chapter on ethics provides a deeper understanding of how to address challenging ethical dilemmas.

**Fundamentals of Occupational Therapy** Bernadette Hattjar, 2024-06-01. Fundamentals of Occupational Therapy: An Introduction to the Profession is a comprehensive introductory text that provides first year students with foundational knowledge of occupational therapy as a profession and the construct of occupation. Due to the broadness of the profession, this text identifies basic concepts and areas to novice students and helps inform them of the topics and components they will come across later in their studies. Inside the text, Dr. Bernadette Hattjar provides a general introduction, the historical development of the profession and a basic review of the three major employment areas: physical disabilities, pediatrics and psychosocial occupational therapy. It also covers the topics of theoretical constructs, legislative and political influences on the profession, the use of adaptive devices in concert with major client groups and the identification of influential professional individuals.

Fundamentals of Occupational Therapy analyzes the historical foundation, philosophical assumptions, ethical issues, core concepts, theories, models and frames of reference that have shaped the profession of occupational therapy. Fundamentals of Occupational Therapy: An Introduction to the Profession will provide entry level occupational therapy and occupational therapy assistant students with the information and tools they need to better understand, synthesize and integrate the diverse elements of the profession into professional level courses where in depth understanding of these basic concepts occur in education programs.
