**Light and Dark** Dr Trevor J. Hawkeswood,2013-01-31

Trevor J Hawkeswood is a scientist who has experienced hundreds of paranormal events in his lifetime In Light and Dark he recounts some of these incredible interactions He believes that reality occurs on two separate but interwoven planes of existencethe Earth plane and the multiple levels of the spiritual planes including the lower levels from where the dark souls of humans who have died reach out to us He has experienced more than one hundred sightings of the shadow people or black ghosts He credits guardian angels with saving him from harm or certain death on a number of occasions Hawkeswood also shares accounts of his numerous sightings of strange aerial phenomena he believes were caused by UFOs He has personally experienced clairaudiencevoices from beyondand precognition or the ability to see the future His detailed account of a unique out of body experience OOOE challenges what is known about this remarkable ability His OOOE was unlike anything that has ever been described by others who have experienced itand he shares it all in Light and Dark But it hasnt all been safe or pleasant At eighteen he survived a terrifying encounter with a demon gargoyle who tried to steal his soul energy after paralysing him A comprehensive handbook for the paranormal enthusiast Hawkeswoods work also provides a glossary and reference list of English language UFO books In Light and Dark he shares a lifetime of experiences ideas and theories about this fascinating field of study

today in this 21st Century read about heaven and earth in the Scriptures we need to be careful as to exactly what is being referred to And here are some reasons as to why this must be The original Bible was not written in our modern English which is a far different language than Hebrew and Greek the original languages of the Holy Scriptures Hence the reason for us to become avid students of the Word of God We living today are not the original recipients of Scripture and as such we need to understand what the original recipients understood when they first received that Word We must be willing to let the Bible interpret itself and not hang on to our theories for the Scriptures That the Bible speaks of at least four Heavens and three earths And as such we need to dig deep into the Word of God and find them and apply this understanding in our study Remember what the Scriptures say in Proverbs 25 2 It is the glory of God to conceal the word and the glory of kings to search out the speech With that said let us now take a deeper dive and journey into the Word of God with the intention of extracting much needed revelation concerning these Heavens and Earths    UFOs Tom King,2017-10-12 Unidentified Flying

Objects like religion have found a way to divide humanity One third into believers one other into sceptics and the third not really knowing where they live The search for answers like religion also has been constant dead ends Now we cannot deny the fact that once in awhile strange things happen in our skies However people seem to make the assumption that unidentified flying object is directly correlated to alien life Fact No A UFO simply refers to anything in flight that cannot be identified or explained through conventional reasoning This being said However it would not be irrational to relate the two but the initial is not always as a result of the former In this book we shall cover about twenty chapters of the most infamous UFO sightings encounters and even abductions of all time Some of the accounts live behind an eerie chilly feeling as one goes through them with the thought that we might not be the only one but some as is very common are merely publicity stunts or are as a result of sycophancy It is worth noting also that one can really not pinpoint the first ever UFO sighting Human beings have had a knack for being curious for quite a while now From as far back as before Christ people reported to seeing a strange object in the sky However life back then was much more simple and people always assumed that all of these strange objects was as a result of religious interventions We certainly hope that this book will go a mighty long way into breaking down the world s most infamous UFO sightings and accounts of Interstellar coming together There are too many UFO sightings to fit in one e book We also do hope that this book is as factual as it could be However this is not to say that every account in here is true Most UFO sightings are marred with inconsistent tales and we have tried to sum up through research what we believe were the actual events Also we hope that you would be able to distinguish between the writer s opinion and facts Scroll to the top of the page and click Buy Now to learn more about this fascinating subject **Alien Contact** Timothy Good,1993 An expose a7 of the controversial issue of human contact with aliens and the U S government s role in covering it up presents new evidence of extraterrestrial visitation By the author of Above Top Secret 35 000 first printing *The Real Cowboys and Aliens* Noe Torres,John Lemay,2020-01-27 Long before the first airplane took flight when nothing but birds should have been in the skies the early residents of the United States witnessed bizarre unidentified flying objects of all sizes shapes and descriptions They encountered strange beings that clearly were not human including Men in Black and possibly time travelers They saw huge motherships underwater UFOs and other unexplained wonders Some of America s most famous early historical figures including Thomas Jefferson Ben Franklin George Washington shared an interest in UFOs and extraterrestrials Contained within these pages is the other American History that you were never taught in school While reading this book you ll ask yourself Did Lewis and Clark encounter a tribe of extraterrestrials during their travels Did star rot contain alien DNA Was an army from outer space sent to aid in the Civil War What was it that crashed in the Rocky Mountains in 1864 a meteor or a mother ship And finally was the martian mummy of 1864 a hoax or proof of life beyond the stars What Torres and LeMay have clearly defined in this suspenseful thriller tome is that the UFO accounts portrayed throughout this exhaustively researched work remain in a separate class Aside from a rare hot air balloon

or dirigible there was nothing else in the air back then or on the ground the witnesses are clearly describing something which precedes the Wright Brothers technology The simple fact that such cases exist in an era where the sky above us was still pristine and H G Wells had yet to conquer the Earth with Martians should captivate us all Don Schmitt author of Witness to Roswell    Captured! The Betty and Barney Hill UFO Experience (60th Anniversary Edition) Stanton Friedman,Kathleen Marden,2021-04-01 The famous 1961 Betty and Barney Hill abduction by non humans is taken apart meticulously re examined by Betty s niece Kathleen Marden and nuclear physicist Stanton T Friedman and reinforced by the pressure of facts Linda Moulton Howe Emmy award winning TV producer reporter and editor Earthfiles comToday 60 years after the UFO abduction of Betty and Barney Hill more and more people are convinced that UFOs are real and their existence is being covered up by the government If you have doubts or questions about the Hill case or alien experiences in general Captured will give you the answers you re searching for The 1961 abduction of the Hills stirred worldwide interest and enthralled the public and media for decades The case is mentioned in almost all UFO abduction books It also became a target for debunkers who still attack it today But the complete story of what really happened that day its effect on the participants and the findings of investigators has never been told until now In Captured you ll get an insider s look at the alien abduction previously unpublished information about the lives of the Hills before and after Barney s death in 1969 their status as celebrities Betty s experiences as a UFO investigator and other activities before her death in 2004 Kathleen Marden Betty Hill s niece shares details from her discussions with Betty and from the evidence of the UFO abduction She also looks at the Hills riveting hypnosis sessions about their time onboard the spacecraft The results of a new chemical analysis of the dress Betty was abducted in is shared which found unusual and rare elements on it Newly discovered letters at the American Philosophical Society by debunker Philip Klass regarding an orchestrated plot to paint Betty as delusional reveal what early detractors tried to do In addition coauthor physicist and ufologist Stanton T Friedman reviews and refutes the arguments of those who have attacked the Hill case including the star map Betty Hill saw inside the craft and later recreated    **UFO**
