diversity of the Spirit World Okawa has published more than 450 books of the spiritual interview series The number and content of these books prove that spiritual messages are not fiction but rather a real spiritual phenomenon Quite a few Christians and materialists view spiritual messages as a heresy or doubt the credibility of the messages right from the start It should be noted however that denying the newly revealed Truths based on old religious knowledge and existing academic knowledge is a mistake like what the churches did to Galileo they denied heliocentric theory Can your intellect honestly accept this spiritual Copernican Revolution in the modern age Read Okawa s spiritual interview series and find out *Alien Invasion* Dr. Travis S.
