# ALL QUIET ON THE WESTERN FRONT

## All Quiet On The Realty Front

**B Lingard**

## All Quiet On The Realty Front:

**All Quiet on the Realty Front** John Hepburn, 2012-03-02 The author spent a thirty plus year career in the real estate industry. The book is an easy to read collection of seventeen short stories or vignettes. Some certainly are sad while others are humorous and finally some quite humbling. Perhaps the author's favorite comment received was quite a disturbing joyful compendium of stories Christine Bernstein And from M A Murphy came struck by the range of emotions evoked And finally Loved the stories similar experiences in my career Was told by many that I should write a book You beat me to it Congrats Hiraldo not that one From the titled story Riding Academy comes With all the diplomacy he could muster Bob much more with it in the ways of the world explained to his uncle that on Friday and Saturday nights the motel he had just left was referred to fondly as a riding academy Jim muttered something unintelligible but to this day Bob swears his uncle had said I Hadn't seen any horses In the story titled Not Making the Grade We shouted for someone to call the police or an ambulance I don't remember which Jeff's door was ajar and with weak knees and stomach both Bob and I went in There would be no need for an ambulance Finally from the story titled The Secret Door It is the author's belief that a divorce never materialized but one can only wonder what went on behind that secret door Book is formatted in fairly large print graphics used in a sensitive manner and while it is not the author's goal to be labeled as the writer of a good bathroom read hoping you enjoy wherever you might be

**Kansas City Realtor** ,1946     *Real Estate Record and Builders' Guide* ,1929     **Country Life in**

**America** ,1916     **Fracture** Philipp Blom, 2015-04-14 When the Great War ended in 1918 the West was broken Religious faith patriotism and the belief in human progress had all been called into question by the mass carnage experienced by both sides. Shell shocked and traumatized the West faced a world it no longer recognized the old order had collapsed replaced by an age of machines The world hurtled forward on gears and crankshafts and terrifying new ideologies arose from the wreckage of past belief In Fracture critically acclaimed historian Philipp Blom argues that in the aftermath of World War I citizens of the West directed their energies inwards launching into hedonistic aesthetic and intellectual adventures of self discovery It was a period of both bitter disillusionment and visionary progress From Surrealism to Oswald Spengler's The Decline of the West from Fritz Lang's Metropolis to theoretical physics and from Art Deco to Jazz and the Charleston dance artists scientists and philosophers grappled with the question of how to live and what to believe in a broken age Morbid symptoms emerged simultaneously from the decay of World War I progress and innovation were everywhere met with increasing racism and xenophobia America closed its borders to European refugees and turned away from the desperate poverty caused by the Great Depression On both sides of the Atlantic disenchanted voters flocked to Communism and fascism forming political parties based on violence and revenge that presaged the horror of a new World War Vividly recreating this era of unparalleled ambition artistry and innovation Blom captures the seismic shifts that defined the interwar period and continue to shape our world today
