through these contradictory mythic stories we continue to reinvent much like Nixon himself our own sense of national identity Sight and Sound ,2006 *The Spectacle of the False-Flag* Eric Michael Wilson,2015-03 Eric Wilson s work poses crucial challenges to social theory unsettling our understanding of the nature of the liberal democratic state In The Spectacle of the False Flag he urges the reader to examine the often unconsidered deep state practices that confound conventional notions of the state as monolithic or uniform This compelling volume traces deep state conflicts and convergences through central cases in the development of American political economic power JFK Dallas LBJ Gulf of Tonkin and Nixon Watergate Rigorously documented and unflinchingly analyzed The Spectacle of the False Flag provides a stunning example of a new criminological practice one that takes the state seriously making the inner workings of the state rather than its effects the primary object of study Drawing upon a wealth of historical records and developing the theoretical insights of Guy Debord s writings on spectacular society Wilson offers a glimpse into a necessary criminology to come

comparative analysis of practices around the world a summary of main conceptual approaches an indication of future directions recommendations for further reading This strong organization resembles a template for a course outline This is intentional because the series is aimed both at students and their practice based lecturers who often come straight from industry and need time to adjust to the academic environment The series achieves its aim to bridge the sometimes too evident dissonance between journalism theory and practice They successfully situate discussions about journalism in social and historical contexts We see the faces of individual journalists the circumstances of news production the relationship with owners the battle between the public service and the profit nature of news the relevance of journalism work The detailed account of the conditions under which newspaper radio and alternative journalism is produced and performed make the Journalism Studies Key Texts series mandatory reading for both journalism students and their lecturers Verica Rupar
