

Autobiography

This week you will be writing a paragraph that is an autobiography. Remember an autobiography is the story of your life. Since you will only be writing one paragraph, you will need to focus on only the important things about you. You may want to make a list of ideas or create a web to help you plan your thoughts. A timeline might also be helpful. Feel free to use the back of this sheet to make your plans.

REMEMBER:

- _____ 1. Name on your paper and heading correct?
- _____ 2. Did you use correct paragraph format?
- _____ 3. Did you work on getting everything spelled and punctuated correctly?
- _____ 4. Did you focus on the five areas of GOOD WRITING especially PURPOSE?
- _____ 5. Use 4-8 sentences (including topic and concluding sentence)
- _____ 6. Signature of person who checked your rough draft.
- _____ 7. Is your final written neatly in ink?
- _____ 8. Did you staple all three of your papers together with your directions on top?

Kim, 2014-07-11 In recent years a growing field of empathy studies has started to emerge from several academic disciplines including neuroscience social psychology and philosophy Because literature plays a central role in discussions of empathy across disciplines reconsidering how literature relates to feeling with others is key to rethinking empathy conceptually This collection challenges common understandings of empathy asking readers to question what it is how it works and who is capable of performing it The authors reveal the exciting research on empathy that is currently emerging from literary studies while also making productive connections to other areas of study such as psychology and neurobiology While literature has been central to discussions of empathy in divergent disciplines the ways in which literature is often thought to relate to empathy can be simplistic and/or problematic The basic yet popular postulation that reading literature necessarily produces empathy and pro social moral behavior greatly underestimates the complexity of reading literature empathy morality and society Even if empathy were a simple neurological process we would still have to differentiate the many possible kinds of empathy in relation to different forms of art All the complexities of literary and cultural studies have still to be brought to bear to truly understand the dynamics of literature and empathy Life of Thurlow Weed Including His Autobiography and a Memoir Thurlow Weed, Thurlow Weed Barnes, 1884 **University Library of Autobiography, Including All the Great Autobiographies and the Autobiographical Data Left by the World's Famous Men and Women: The beginnings of the modern world**, 1918 Lets Talk About Me - My Life Journal Hanna M Biglia, 2019-06-20 An Amazing Gift For Yourself And Your Offspring Whether you want to leave your footprint to your offspring or you just want to share your life experiences
