**Moravian Mission Diaries of David Zeisberger** Hermann Wellenreuther, Carola Wessel, 2010-11-01 *Claiming Victory* Beverley Watts, 2015-04-13 *Claiming Victory* is a funny contemporary romantic comedy that will appeal to every woman who still believes fairy tales can come true So let me get this straight Admiral Your plan is to somehow get the most famous actor in the world to fall in love with your daughter Victory who we both love dearly but and please don't take offence Sir who you yourself admit is built generously across the aft and whose face is unlikely to launch the Dartmouth ferry let alone a thousand ships Victory Shackleford is a spinster or at least well on the way to becoming one She is thirty two years old still lives with her father an eccentric retired Admiral and the love of her life is a dog She thinks her father is reckless irresponsible and totally incapable of looking after himself He thinks his daughter is a boring nagging harpy with no imagination or sense of adventure and what's more he's determined to get her married off Unfortunately there's no one in the picturesque yachting town of Dartmouth that Tory is remotely interested in despite her father's best efforts But all that is about to change when she discovers that her madcap father has rented out their house as a location shoot for the biggest blockbuster of the year As cast and crew descend Tory's humdrum orderly existence is turned completely upside down especially as the lead actor has just been voted the sexiest man on the planet Full of romantic humor *Claiming Victory* is a must for fans of funny love stories especially quirky British Romantic comedies

**The Howe Brothers and the American Revolution** Ira D. Gruber, 2014-01-01 By focusing on the Howe brothers their political connections their relationships with the British ministry their attitude toward the Revolution and their military activities in America Gruber answers the frequently asked question of why the British failed to end the American Revolution in its early years This book supersedes earlier studies because of its broader research and because it elucidates the complex personal interplay between Whitehall and its commanders Originally published in 1974 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

**Mekeel's Weekly Stamp News** I. A. Mekeel, Charles Esterly Severn, Stephen B. Hopkins, 1925

**Sweet Victory** Beverley Watts, 2015-07-14 Against all odds perfectly ordinary girl next door Victory Shackleford has won the heart of Hollywood heartthrob Noah Westbrook But after a whirlwind courtship the dust is now settling and Tory is faced with the reality of life with the most famous actor in the world And it's not all hearts and flowers especially as the media seem intent on digging up every bit of dirt about her they can possibly find When a secret comes to light that could not only land her madcap irresponsible father in jail but completely wreck Noah's acting career Tory faces an impossible decision one that could result in her losing everything And not all fairy tales end happily ever after From back cover

**Britannia's Auxiliaries** Stephen Conway, 2017-10-13 *Britannia's Auxiliaries* provides the first wide ranging

attempt to consider the continental European contribution to the eighteenth century British Empire The British benefited from many European inputs financial material and perhaps most importantly human Continental Europeans appeared in different British imperial sites as soldiers settlers scientists sailors clergymen merchants and technical experts They also sustained the empire from outside through their financial investments their consumption of British imperial goods their supply of European products and by aiding British imperial communication Continental Europeans even provided Britons with social support from their own imperial bases The book explores the means by which continental Europeans came to play a part in British imperial activity at a time when at least in theory overseas empires were meant to be exclusionary structures intended to serve national purposes It looks at the ambitions of the continental Europeans themselves and at the encouragement given to their participation by both private interests in the British Empire and by the British state Despite the extensive involvement of continental Europeans the empire remained essentially British Indeed the empire seems to have changed the Europeans who entered it more than they changed the empire Many of them became at least partly Anglicized by the experience and even those who retained their national character usually came under British direction and control This study then qualifies recent scholarly emphasis on the transnational forces that undermined the efforts of imperial authorities to maintain exclusionary empires In the British case at least the state seems for the most part to have managed the process of continental involvement in ways that furthered British interests In this sense those foreign Europeans who involved themselves in or with the British Empire whatever their own perspective acted as Britannia's auxiliaries **John Bull**, 1844

**The Dardanelles Campaign, 1915** Fred R. van Hartesveldt, 1997-11-20 The passage of time has not slowed the production of books and articles about World War I This volume provides a guide to the historiography and bibliography of the Dardanelles Campaign including the Gallipoli invasion It focuses on military history but also provides information on political histories that give significant attention to the handling of the Dardanelles Campaign The opening section of the book provides background information about the campaign discusses the major sources of information and lays out the major interpretative disputes A comprehensive annotated bibliography follows This book nicely complements the two earlier volumes on World War I battles The Battle of Jutland by Eugene Rasor and The Battles of the Somme by Fred R van Hartesveldt *Britain and European Integration Since 1945* David Gowland, Arthur Turner, Alex Wright, 2009-10-30 This book provides both a comprehensive introduction and a perceptive examination of Britain's relations with the European Community and the European Union since 1945 combining an historical account with political analysis to illustrate the changing and multifaceted nature of British and European politics Few issues in British politics since 1945 have generated such heated controversy as Britain's approach to the process of European integration associated with the European Union The long running debate on the subject has not only played a major part in the downfall of prime ministers and other leading political figures but has also exposed major fault lines within governments and caused deep and rancorous divisions within

and between the major political parties This highly contested issue has given rise to bitter campaigning in the press and between pressure groups and it has bemused confused and divided the public at large Key questions addressed include Why has Europe had such an explosive impact on British politics What impelled British policymakers to join the European Community and to undertake one of the radical if not the most radical changes in modern British history What have been the perceived advantages and disadvantages of British membership of the European Union Why has British membership of the European Union rarely attracted a national consensus Engaging with both academic and public debates about Britain and the European Union this volume is essential reading for all students of British history British politics and European politics
