## All About Houseplants:

*All about Houseplants* Susan M. Lammers, Barbara Ferguson Stremple, 1982     **Houseplants (mini)** Lisa Eldred Steinkopf, 2019-11-12 What's the best way to nurture your green thumb when you don't have a yard or space? Houseplants This is the guide to raising the best healthiest and happiest potted plants nature has ever seen. When you want to raise plants but just don't have the space then it's time to turn to houseplants. Offers complete information on the most popular varieties of houseplants along with details on maintenance care and know how so you can easily select the best plants for your lifestyle and space. Join the millions of house plant loving enthusiasts in this no yard required hobby without the questions of which potting mix to try what the right level of light you'll need or how to shift your plants as seasons change. Houseplants profiles more than 150 different plants and gives you the best techniques to raise them to be happy, green and healthy. And as you watch them grow you can stimulate your inner botanist with the included information on each plant's Latin family, varieties, bloom period, mature height all illustrated in beautiful color photos.     [The Houseplants Guide for Beginners and Plant Lovers](#) Christo Sullivan, 2021-04-18 This book is a guide, a manual, a handbook. But most of all this is my love letter to all the plants in the world. Inside this book you will find my notes from 17 years of passion and experience of living in the Nature. This guide is specifically for those who do not have plenty of space in their backyards and want to start approaching the art of growing plants at home. They will give you as much love as you give them. Often more. My name is Christo Sullivan and 17 years ago I was fortunate enough to have become who I wanted to be. No let me restate that I was fortunate enough to become fairly early in my life what society wanted me to be. Then I quit and I started to become who I wanted to be. I had enough to part from the world and retire and so I did. From that moment on I learned to live surrounded by nature. In this book I want to share with you my knowledge about harboring plants inside our houses my best recommendations how to grow them and how to attend to them. Houseplants are a great way to ease stress, purify our air and stay connected with nature even when you're indoors even if you're not an expert. Inexpensive to purchase, easy to care for and a statement in any space they inhabit. Growing these plants is very easy if you know how to do it. The Houseplant for Beginners and Plant Lovers is your no-fuss guide that takes you from being an absolute beginner to know a great deal about houseplants. In this book you will find out the benefits of having plants inside your house. The 15 lowest maintenance plants to keep inside. The 14 best plants to keep you healthy. How to manage the 4 Elements of house planting: Water, Light, Heat and Humidity. The best kept secret on how to make your plants propagate efficiently. The only efficient techniques to groom and prune. How to solve common houseplants problems: the Do's and Don'ts.
