**The Character Factor** James P. Pfiffner,2004 Annotation The American president s character matters To most Americans it matters deeply But how do we define what character means and why can t we agree In this sober probing consideration of the character factor and the presidency veteran political analyst James P Pfiffner leads us through a survey of three aspects of presidential character that have proved problematic for recent chief executives lies promise keeping and sexual probity His goal is not to tell us which presidents have been good and which bad Rather he helps us think critically and impartially about complex character issues and invites us to reach our own conclusions The Character Factor avoids both moral judgments and cynicism It helps us look at our presidents and our presidential candidates without illusions knowing that flawed men can still be great leaders but that some flaws deserve defeat at the polls or even the ultimate presidential sanction impeachment     *A Socio-Political Model of Lies in Russia* Jason C.
